

FOREIGNERS IN FLIGHT FROM MEXICAN CAPITAL AS CONGRESS CONVENES

REFUGEES FLOCK TO SEA COAST
FEARING FORTIBLE DETEN-
TION IN MEXICO CITY.

HUERTA STILL DEFIANT

Organization of Both Houses Indi-
cates no Intention of Heeding
Wilson's Warning.—Talk
at Washington.

[BY ASSOCIATED PRESS.]
Mexico City, Nov. 18.—Because the
town of Orizaba is menaced by the
rebels and communication between
the capital and Vera Cruz con-
sequently threatened to be cut off, for-
eigners are flocking to the coast in
large numbers. They see a possibility
of being bottled up in Mexico
City and every train to Vera Cruz is
loaded to its capacity.

Col. Ramirez, in command of the
garrison at Orizaba, is fortifying the
strategic points about the city, and
reports to the government that he
will be able to resist any attack by
the rebels.

Shows Further Defiance.
The completion of the preliminary
organization of both branches of the
new Mexican congress is regarded
here as putting the final touch to
President Huerta's defiance. Sur-
prise was caused here today by dis-
patches indicating that President Hu-
erta does not contemplate any active
measures to support the warning giv-
en by John Lind to General Huerta
against permitting the new congress
to convene.

Talk of the possibility of Huerta's
resigning is still heard, but all his
acts and utterances are calculated to
dissuade the idea. It has been sug-
gested that Washington has been giv-
ing assurances that General Huerta
will resign after the new Mexican
congress has rather his act since
the dissolution of the former con-
gress.

Would Welcome Intervention.
Foreigners have been keenly up to
point at which any action promising
relief from the prevailing tension
would have been acceptable. There
is a large proportion of the native
population which appears to be keenly
alive to the necessity of bringing
present conditions to an end, and
which looks upon intervention as the
only relief in sight.

Mexican officials seem to be con-
vinced that the United States is
bluffing and are quiet as regards
that they are satisfied there would be
no armed interference with their af-
fairs. A singular fact is the con-
tinued absence of any anti-American
spirit among the Mexican populace.
The efforts of certain native news-
papers to stir up such feeling have
met with little success. Similar
methods at the time of the Mexican
revolution failed to excite the
sympathy of the people.

Takes President's Palace.
In the meantime President Huerta
and his family have changed their
residence from Liverpool street,
where they have been occupying a
house since General Huerta became
president to Chapultepec Castle, the
official residence of the Mexican pre-
sidents. Since the late President Ma-
dero vacated the historic palace it
has been in the hands of the paint-
ers and decorators.

Senora Huerta, wife of the presi-
dent, is to hold a reception there to-
morrow.

The announcement that a diploma-
tic reception would be given by the
wife of the provisional president at
Chapultepec Castle tomorrow, gave
rise to a story that General Huerta
had taken up his residence there.

CONSERVATION FOES PLAN SHARP FIGHT ON FEDERAL POLICY

State Rights Advocates Are Or-
ganized to Oppose Activity of
National Government

[BY ASSOCIATED PRESS.]
Washington, Nov. 18.—It was evi-
dent when the national conserva-
tion congress met today in its fifth
annual convention that a sharp fight
was contemplated on federal policy
by those delegates who contend the
Washington government is usurping
the rights of the state to regulate
their own resources. It was re-
ported early that the committee ap-
pointed to consider the water power
problem had failed to agree and that
the majority would recommend a re-
vision of the government's conserva-
tion methods.

States Rights Opposed.
The states rights advocates will
meet with strenuous opposition. This
was made apparent in the speech of
Charles Lathrop Pack, retiring presi-
dent of the organization who declared
the "enemies" sought to make it ap-
pear that conservation meant reserva-
tion and the locking up of national
resources for future generations.

"Another phase of combat," he ad-
ded, after calling on his hearers to
fight the first named charge, "arises
from the insistence with which some
interest strive to make it appear that
there is a popular clamor for state
control of the great government
properties in forest and stream."

**File Suits to Oust
Township Officers**

Appleton, Nov. 18.—Papers in a
case of wide importance will be
served today on the officials of the
town of Grand Chute in an effort to
oust them from office on the ground
that they failed to appropriate mon-
ey for good roads in compliance with
the state law, the complaint alleg-
ing that on account of their lack of
action the town lost the neighbor-
hood of \$20,000 state and county high-
way funds. This action will be taken
in place of bringing personal suit
against them for \$24,000 to ascertain
if the ruling of the attorney general
that members of town boards who do
not make the allowance can be held
personally liable for the amount.

Former Assemblyman C. B. Ballard is
attorney for the town and the principle
opponent to the law, though he
was in the legislature at the time the
law was passed he was not present to
vote on it.

**State Osteopaths

Supreme Court Gives a Decision To-

Arnold of Milwaukee.

[BY ASSOCIATED PRESS.]
Madison, Nov. 18.—Osteopaths can
not practice medicine in this state
without first obtaining a license, ac-
cording to a decision in the case of
W. A. Arnold, sheriff, versus Herbert
Schmidt, of Milwaukee. Schmidt was
arrested and was discharged. The su-
preme court today directed the sher-
iff to take the defendant into custody
if he did not think the validity of
the statute, so far as it prescribes
qualification for entering upon the
study of osteopathy, is before us.

DIES IN SANITARIUM**

[BY ASSOCIATED PRESS.]
Madison, Nov. 18.—Allison W.
Clarke, a brother of Melvin E. Clarke,
cashier of the First National bank of
this city, died at the Madison sanita-
rium today. Thirty-five years ago
he was one of the organizers of the
First National bank, which moved to
Grand Forks, North Dakota, where he
was engaged in the insurance and bank-
ing business.

**GOVERNMENT TO WIPE OUT
COMBINATION JEWELERS**

[BY ASSOCIATED PRESS.]
New York, Nov. 18.—The govern-
ment suit to aid the retailer and the
individual purchaser of jewelry by
wiping out an alleged combination of
manufacturers and jobbers was filed
today in the United States district
court. Its aim is to destroy the con-
trol said to be exercised by the mid-
dle man over the jewelry business.

CALUMET STRIKERS AGAIN ON RAMPAGE

Telegraph and Telephone Wires Cut
by Copper Miners Incensed at
Railroad Companies.

[BY ASSOCIATED PRESS.]
Calumet, Mich., Nov. 18.—Telephone
dispatching wires and telegraph wires
were cut in two different places along
the copper range railroad last night,
demoralizing train service for several
hours this morning. Striking copper
miners incensed at the railroad com-
pany for bringing non-union men to
the mines were blamed for the van-
dalsm.

Shots were fired into boarding
houses occupied by non-federation
men at Palmsdale, but no one was
hurt.

George Gerich, a striker, shot in
the abdomen last night at Superior
mine, as a result of an attack by
strickers on Peter Henshaw, a non-
union man who is alleged to have
been the first to shoot at the strikers.

**DISCUSS PROBLEMS
OF LATIN AMERICA**

Prominent Men Meet at Clark Uni-

of United States Toward
South America.

[BY ASSOCIATED PRESS.]
Worcester, Mass., Nov. 18.—Condi-
tions in the countries lying to the
south of the United States and the
problems confronting the United
States in its relations with these
countries will be discussed at a four
days conference on Latin America be-
gun at Clark University today.

The speakers include diplomats, educa-
tors, journalists and travelers. The
President of Clark University presided
at the opening session. The chief speaker
of the morning was Leopold Grahame, an
English journalist, formerly proprietor
of the Buenos Aires Herald. He
discussed the "Relations of the United
States with the Latin-American
Republics."

Ignorance in this country of the
essential conditions in Latin Amer-
ica, Mr. Grahame declared, "has led
to international misunderstanding, to
misconception and to doubts and sus-
picions which have militated against
an extension of commercial and
friendly relations so necessary to the
welfare of the entire continent."

Madison, Nov. 18.—A new action in
the form of a mandamus must be
started by Attorney General Owen in
his attempt to collect \$245,000 from
the Northern Pacific railroad for its
alleged failure to file amendments to its
articles of incorporation.

The supreme court today denied the
application of the attorney general's
order to forfeit the road's charter
because of its failure to file amend-

the re-arrest of Harry K. Thaw on the
strength of the extradition warrant
issued recently by Gov. Peck. This
was done to clear the records, but
the counsel immediately engaged in
an argument over the custody of
the prisoner and the new arrest was
delayed pending the decision of the
court on certain technicalities.

CONVENTION IN ST. JOHN**

[SPECIAL TO THE GAZETTE.]
St. John, N. B., Nov. 18.—The an-
nual convention of the North Ameri-

ciation met in this city today and will
continue in session over tomorrow.
Delegates from many parts of Can-
ada and the United States are in at-
tendance. Hon. John D. Hazen, of

**Neckties to Match
the Color of
Your Soul**

Paul Poirer, the eminent
dress designer, says that men
should choose neckties to
match the color of their souls.
Perhaps some men would
have difficulty in choosing one of
right color—but if they consult
the advertising columns of their
live daily newspapers like The
Cazette they will find guides to
an infinite variety of neckwear.
Men's styles are becoming each
year, a more and more impor-
tant factor. Makers and dealers
study them more closely. There
is more news to tell. And
that makes their men's advertis-
ing more interesting and more
important to the readers.

SOCIALISTS BEHIND MOVEMENT TO BRING GOMPERS TO TERMS

Story of Mitchell's Candidacy Ad-
vanced to Advance Campaign
for John P. White.

[BY ASSOCIATED PRESS.]
Seattle, Nov. 18.—It is said that the
story that John Mitchell was in the
field as a candidate for president of
the American Federation of Labor
against Samuel Gompers who was to
be offered the post of historian and
editor of the official journal, was origi-
nated for the purpose of benefiting the
candidacy of John P. White, president
of the United Mine Workers of Amer-
ica for the second vice presidency of
the federation to succeed John
Mitchell, who is retiring voluntarily.

Socialists for White.
The socialists were very anxious to
elect White and to bring the adminis-
tration forces to terms they put up
John Mitchell as a candidate for pres-
ident. Today it was said that White
was not acceptable to the adminis-
tration forces, their candidate being T.
A. Rickert of New York.

The feature of this morning's ses-
sion of the federation was expected
to be a resolution presented by Dele-
gate Thomas Van Lear, demanding
that congress investigate the charges
that the Michigan copper companies
obtained much of their land by fraud
under congressional grant sixty years
ago in aid of canals never dug.

President Samuel Gompers yesterday
asked Delegate Van Lear to frame the
resolution.

No Show of Fitterness.
In the clash between the adminis-
tration and the "protest" forces, yester-
day the latter were not much out-
numbered on some of the votes, but
they were not organized and made no
effort to force division and roll call.

At no time was there any show of bit-
terness between the two elements of
the convention and the discussion of
the copper strike seemed to draw the
delegates together.

NATIVES OF NATAL DECLARE A STRIKE

Fifteen Thousand Laborers Aroused
by Cruelties Now Threaten Ser-
ious Disturbances.

[BY ASSOCIATED PRESS.]
Durban, Natal, South Africa, Nov.
18.—The strike of East Indian labor-
ers spread today to the south coast.
Practically every one of the 150,000
workmen of East Indian blood, in Na-
tal, had laid down his tools at noon.

Thus far the strikers have been
comparatively peaceable, but serious
disorders may break out at any mo-
ment.

III Feeling Aroused.
III feeling among the East Indians
has been considerably augmented by
two incidents which occurred during
the past twenty-four hours. The first
of these was the death from fogging
of a laborer, in the coal mining town
of Dundee, north of Ladysmith.

The second was the arrest of two thou-
sand East Indians who attempted to
cross the border from the Transvaal
into Natal.

The federal law of the union of
South Africa prohibits the emigration
of Asiatics from one state to another.
The two thousand East Indians from
the Transvaal had planned a demon-
stration in sympathy with the strikers
in Natal.

The strike has already paralyzed
industry throughout Natal.

The government is disinclined to
declare martial law.

Riot at Ladysmith.
Ladysmith, Natal, Nov. 18.—A thou-
sand East Indians rioted here this af-
ternoon. Their leaders claimed that
they were entitled to strike, rights
with white men. Mounted police
finally dispersed the mob, but the
East Indians appear to be danger-
ously inflamed.

PENNSYLVANIA ROAD EMPLOYEES ORGANIZE

Various Labor Societies Will Be Com-
bined Into One Association.

[BY ASSOCIATED PRESS.]
Pittsburgh, Nov. 18.—Statements
were made here today by railway
men indicating that 40,000 employees
of the Pennsylvania railroad east of
Pittsburgh are to be merged into one
organization of conductors, firemen,
trainmen and other employees. The
union will be organized at a series of
meetings to be held next Sunday.

Under the new arrangement the
Brotherhood of Railway Trainmen,
Order of Railway Conductors, Broth-
erhood of Locomotive Engineers and
Firemen and the Order of Railway
Telegraphers are to make up the new
body.

Among the important questions to
be decided before the amalgamation
is complete, is whether the Pennsylv-
ania workmen who are to form the
new organization will withdraw from
the national union in which they
have been affiliated. It is plainly
stated that the merging of the union
is for the purpose of bringing about
closer relationship among all the
men employed on the Pennsylvania
road.

CAPTURE WILD MAN CLOSE TO MADISON

the cats he killed, and living in a
hovel he kept, and with every com-
fort lacking, Casper Jason, of Seneca,
near here, was taken by the sheriff
last night on complaint that he was
a wild man. Complaint was made
by neighbors who had been watching
his antics and who claimed he was a
lunatic. Investigation as to his sanity
will be held this afternoon.

**WILL HEAR ARGUMENTS
ON PICKETING INJUNCTION**

[SPECIAL TO THE GAZETTE.]
Lansing, Mich., Nov. 18.—The state
supreme court today listened to ar-
guments on the motion to make per-
manent the injunction granted by
Judge O'Brien restraining the West-
ern Federation of Miners from picket-
ing the copper mines in the upper
peninsula. The decision of the court
is awaited with much interest, as it
is expected to have an important
bearing on the future conduct of the
copper strike.

on the occasion of a state-wide celebration in
Illinois tomorrow. Practically every
newspaper in the state will reprint
the address, and in all the public
schools special exercises will be held
in observance of the anniversary.

**RULES AGAINST PAYMENT
OF GAME WARDENS' FEES**

[SPECIAL TO THE GAZETTE.]
Madison, Wis., Nov. 18.—Attorney
General Walter C. Owen has ruled
against the practice of deputy game
wardens in filing claims against
county treasurers for mileage and other
fees allowed for cases in which they
appear in court. He suggests that such
practices should be discouraged. The
attorney general suggests that coun-
ties disallow any such claims pre-
sented.

INJUNCTION SERVED AGAINST THE CITY BY WATER COMPANY

CITY IS ENJOINED FROM PRO-
CEEDING BEFORE RAILROAD
COMMISSION NOV. 24.

URGE A TECHNICALITY

Company Contends That Notice of
Public Ownership Election
Was Not Legally
Given.

Plans of the city commissioners for
an immediate taking over of the plant
of the city water company, following
the clearing up of the legal encum-
brances by the decision of the su-
preme court in the Racine case and
the subsequent ruling of the railroad
commission, met with a reverse this
morning when an injunction was
served on the mayor, councilmen and
city attorney by the attorneys for the
Janesville Water Company. The in-
junction does not make the commis-
sion a party to the action.

The injunction which was taken
out before Circuit Court Commissioner
Edwin E. Carpenter enjoins the
city from proceeding before the rail-
road commission on Nov. 24th, in
conformance with the order received
from that board several weeks ago.

Ground Purely Technical.
The ground for the injunction is
purely a technical one, the water com-
pany contending that the election at
which the voters of Janesville decid-
ed on the purchase of the water plant
by the city was not properly noticed
in a legal way. Messrs. Oestreich
and Jeffris, counsel for the company,
following careful investigation in the
files of the Gazette and Recorder,
present the argument that the notice
of election was not given pub-
licly ten days previous to the date
of holding the same. The public utility
law simply provides that an elec-
tion shall be held on a petition of the
electors, providing in no way for a
specific publication of the election
notice. The company's lawyers, how-
ever, urge that the other
election laws governing publication
of notices apply in this case.

According to City Attorney. Dough-
erty the injunction case will be heard
before Judge Grimm either the last
of this week or the first of next.

"Just what action the railroad com-
mission may take, I do not know,"
said Mr. Dougherty. "Inasmuch as
they are not enjoined they might go
on with the valuation and delay filing
the order, or they may petition to be-
come a party to the present action."

"I have information of the
present action and it may be that
they will seek to appear at the hear-
ing. Whether they do or not it will
be promptly brought up, probably
within a week. Inasmuch as the
matter is a proceeding pending in
court any further comment, at this
time, is impossible."

It is probable that this latest tangle
will reference to the city's ownership
of the water plant will delay the final
settlement until Jan. 1st or after-
wards.

PROTESTANT CLERGY VOICE A COMPLAINT

Object to Atmosphere Thrown Around
Annual Pan-American Thanksgiv-
ing Mass in Washington.

[BY ASSOCIATED PRESS.]
Washington, Nov. 18.—Protestant
clergymen of the capital have
denounced a protest against the at-
mosphere of the annual Pan-American
Thanksgiving Mass here in St. Patrick's church
which generally is attended by the
president and members of the cabi-
net, business and other dignitaries. Pres-
ident Wilson has accepted an invita-
tion to attend this year.

The Rev. Dr. R. H. McKim, former
president of the Episcopal house of
deputies, is the author of a resolution
adopted today by the Episcopal,
Lutheran, Baptist and Disciples
Christ clergy and which will be con-
sidered by the Presbyterian clergy-
men Monday.

The attendance of our chief mag-
istrate and members of his cabinet
year after year, says the resolution,
"has been made use of to give color
to the Roman claim that the service
is now the official celebration of
Thanksgiving Day in our national
capital. This fact has been under-
stood in the United States as giving
the Roman Catholic church a prestige
and preeminence over all other
churches."

Every effort is made by the Roman
hierarchy to give this Roman mass
the color of an official function.

"We protest against the attempt to
convert our national Thanksgiving
Day into a Roman Catholic festival
in a service entirely out of harmony
with the history of the nation and
country and the spirit and purpose
of the day," the resolution says in
part.

SOCIETY CELEBRATES SILVER ANNIVERSARY

TWO HUNDRED AT BANQUET GIVEN BY LOAN BAND AT CONGREGATIONAL CHURCH.

MISSION CAUSE URGED

Mrs. Emily Gardiner, Who Has Seen Service in Turkish Mission Field, Gives Interesting Address.

Over two hundred persons were present at the celebration of the silver anniversary of the Loan Band at the Congregational church last evening. The members entertained their friends at an elaborate banquet under the supervision of Mrs. F. C. Bradley, Miss Ida Craig, Miss Cora Clemens and Miss Mabel Westlake, president of the society, was chairman of the evening, and first called for greetings from former members who were unable to attend last night at the anniversary event. Of the ten charter members, who organized twenty-five years ago for missionary work under the direction of Mrs. Little, only three, Miss S. A. Jeffris, Mrs. A. F. Hall and Mrs. H. J. Cunningham, were present at the celebration. Mrs. F. A. Capelle, a charter member residing in this city, was unable to attend, while the others were kept from the meeting as their homes are in distant cities.

Miss S. A. Jeffris related in her reminiscences the history of the band from the day of organization until at present there are 168 members aiding in the work of giving the one half of the world that is unknown to the other half, a chance for Christian life and betterment. Mrs. A. F. Hall spoke of the financial contributions that had been made during the history of the organization and of the work accomplished. Miss Morgan, instructor at the school for the blind, rendered three pleasing solo selections.

The address of Mrs. Emily Richter Gardiner, a missionary who has been in service at Hadjin, Turkey, for five years, proved most interesting and served to arouse enthusiasm for the band in their work. According to Mrs. Gardiner there was great need of aggressive work among the Mohammedans to prevent racial wars and to aid the Armenians who were Christians at heart but feared attacks from the unbelievers. Miss Gardiner during her first year at Hadjin, was at the meeting of missionaries at Adana, in June, 1909, when the Moslems attacked the city and killed a thousand of Christian natives, including two American missionaries, and were seeking to save the school occupied by the foreigners from fire. The city was pillaged, and it was only good fortune and the raising of a Turkish flag over the building that saved the lives of the mission delegates.

"If Christianity can be taught to the people residing in Turkey, we would find them as earnest followers of Christ as of Mohammed. At present we have accomplished great things among the Greeks and Armenians, establishing schools and churches, but very little has been done among the Mohammedans as it is impossible to convert them with such a small force. At first citizens refused even to allow their daughters to attend school, stating that girls had no minds, and it was useless to educate them. At present at Hadjin a well equipped school is preparing natives for mission work and a practical religious education is given them. The first work of any missionary in this country is to find employment for the widow and children of the Christians who have been slaughtered by the hordes of Mohammedans," said Mrs. Gardiner.

"The Armenians have no chance, and have little care for the body, soul or mind. The government supporting no schools or churches, and there is no enlightenment for them as they are cut off from the outside world and real civilization. By giving financial aid for an aggressive campaign against the Moslems, these nominal Christians and followers of Mohammed will become useful to the world," continued the speaker. Mrs. Gardiner's address was given in such an earnest, forceful manner that every member was thoroughly interested in the subject.

Dr. David Beaton was called on for remarks and responded by pointing out the educational influence of the organization and expressed high praise at the work done to aid in pushing back Turkey in her proper place, Asia. "Loving service and a large view of life is the one great lesson of the day," remarked Dr. Beaton and the man who has only one view during his life is a failure, for success depends on the number of things that one interests himself in.

Rev. Beaton spoke on missionary work aside from the extending of the teachings of Christ into the dark lands as being of international importance and emphasized the duty of the American citizens to concentrate attention for service such as the Loan Band is accomplishing.

John M. Whitehead responded with a few remarks in praise on the band's work.

Loud applause greeted the announcement of the chairman that the membership had increased twenty-eight, making a total of 168 members to aid in the year's work.

LINK AND PIN

Chicago & Northwestern Ry.

Engineer Heasche and fireman took an extra south to Chicago yesterday morning at five o'clock, with engine 1885.

Repair work on engines is extremely heavy at present, there being several headlights to be tinkered with, while other work throughout the shops is available all of the time.

Today was cleaning day at the yards. Everyone was taking part in trying to make the local yards one of the best in appearance.

The dance at Chicago November 25th, is attracting considerable attention among local machinists, and several members of the lodge, who are backing the affair.

The heavy fog this morning made it almost impossible to see the trains pass the yards. To see a train over forty feet away was an utter impossibility.

Now that we're gettin' a sans Fourth, we ought to hev' a sans Christmas. An evergreen tree, some wax candles an' a bunch of cotton whiskers are 'bout ez risky ez a cannon cracker.

MEMORABLE EVENT FIFTY YEARS AGO

President Lincoln Delivered His Famous Gettysburg Address on Nov. 19, 1863.

Fifty years ago tomorrow President Abraham Lincoln gave his immortal Gettysburg address at the dedication of the national cemetery at Gettysburg, Pa. In today's issue of the Chicago Inter-Ocean in the "fifty years ago" column there is the following paragraph which calls attention to this memorable event:

"The president, accompanied by his private secretaries, Nicolay and Hay, has gone to Gettysburg. No members of the cabinet went with him except Seward, Blair and Usher. The secretaries of war, navy and treasury are too busy to go."

In not a few schools of this state there will be special exercises tomorrow in honor of that Lincoln whose short address of less than three hundred words has been recognized the English speaking world as one of the great, if not the greatest, speeches of all time.

The Chancellor of Oxford University in an address given last month on "British Eloquence," declared that the honors in this time were willingly conceded to America, Lincoln's Gettysburg address being the great masterpiece. Not a few citizens will read again the wonderful speech on the semi-centennial anniversary tomorrow.

MAKE GOOD PROGRESS IN BUILDING BRIDGE

Third Arch Will be Poured Tomorrow and Last One in Week.

President A. G. Gould Here.

Good progress is being made in the construction of the Milwaukee street bridge. The form for the third arch was finished yesterday, the reinforcing was placed today and concrete will probably be poured into it tomorrow. The fourth and last arch will be cast in a week or ten days more. A centrifugal pump was put to work this morning to pump the water out of the cofferdam for the west abutment so that the workmen could save off the piles. As soon as this is done the concrete can be poured.

President A. G. Gould of the Gould Construction company and Vice President Alfred Leppard are both in the city today. This is the first time Mr. Gould has been here since the contract was let.

The derrick that was removed from the west bank has been loaded on the cars, ready for shipment to Galena.

INTEREST UPON CITY FUNDS IS BIG SUM

Total for Past Year Over Twenty-Six Hundred—Little Variation in Last Three Years.

Interest on the city deposits in the Janesville banks for the past year will probably be \$2,500, according to City Treasurer George W. Muenchow. There is at the present time in the interest account fund the sum of \$2,479.98, and the interest for the month will be about \$200. At the end of November the money in the interest account fund will be transferred to the general fund. Last year the sum transferred was \$2,500 and there has been very little variation in the interest on the city's moneys during the last three or four years. Each of the four Janesville banks has a portion of the city's deposits on which they pay two per cent interest. The city treasurer endeavors to keep the deposits in each as nearly equal as possible.

HOME MISSION WEEK SERVICES ARE HELD

Pastors from Milwaukee, Madison and Beloit Give Addresses at St. Peter's English Lutheran Church.

"Home mission week" is being observed at St. Peter's English Lutheran church with special services as in all other English Lutheran churches throughout the country. The general theme of the services is immigration. Last evening the Rev. Howard Gold of Madison spoke on "Immigration in American Life." This evening the Rev. Walter Krumwiede of Beloit gave an address on "The Immigrant, His Personality," and tomorrow night the Rev. Dr. Erick of Milwaukee speaks on "The Immigrant as a Citizen." Music for all the services is being furnished by pupils from the State School for the Blind. The services are arousing great interest.

DEPARTMENT AT DEPOTS IS VERY MUCH IMPROVED

Since police protection has been given at the stations of the St. Paul and Northwestern railroads, the officials report a decided change in the department of the travelers and the loungers who formerly made the stations a resting place are no longer to be seen. As in the case of St. Paul road between Janesville and Monroe are "dry," this city is visited with regularity by the dry town citizens for the purpose of obtaining a generous supply of liquor. Before police protection was given, trouble was experienced in handling the drunks getting on the trains but now, those who have finished too freely, do not go near the platform. Getting on the train from the south side of the track, knowing that they would be grabbed if an appearance was made across the tracks. No attempts have been made at any time since the idlers give the depots a clear steer.

OLD COUPLE COMMITTED TO COUNTY HOSPITAL

Poor Commissioner Asa Anderson has obtained the commitment to the county hospital of Mr. and Mrs. Amos Hanson, an aged couple. Both are in poor health and in need of good care, which they are unable to give themselves. Mr. Hanson is paralyzed in his arms and hands and unable to do anything for himself. There are two minor children, one a boy of eleven and the other a boy of eight, whose board will have to be paid by the county until relatives or friends take charge of them. It is said they have two or three brothers in the town of Dunkirk, Dane county.

LOCAL SOCIETY HAS DONE MUCH TO AID FIGHT ON DISEASE

Janesville Anti-Tuberculosis Association Held Annual Meeting Last Evening.

Much has been accomplished in the cause of health through the agency of the Janesville Anti-Tuberculosis association according to the reports of the secretary and visiting nurse which were submitted at the annual meeting at the city hall last evening. The officers elected for the ensuing year were as follows:

President—Dr. S. B. Buckmaster.
First Vice President—Mrs. Archie Reid.
Second Vice President—Dr. W. A. Munn.
Secretary—Rev. Henry Willmann.
Treasurer—Frank Jackson.

The following composed the executive board: Prof. H. C. Buell, Very Rev. Dean Rolly, Dr. Cunningham, Rev. L. McNamara, John C. Nichols, Mrs. J. S. Day, Miss Kate Nelson, Miss Mabel Greenman and Miss Agnes C. Anderson.

According to the report of the visiting nurse, Miss Agnes Anderson, who began her work in November, 1912, during the first month there were 15 cases of tuberculosis reported, of which 13 were positive and in an advanced stage and 2 were negative. With proper treatment and care have overcome the disease. Since then there have been 22 positive cases reported, making a total of 37 cases receiving instruction as to the proper use of the physician in charge might indicate. Of that number 16 have died and 8 are remaining under care. Of the other 21 have moved to other cities, 2 are at the state sanatorium at Wales, and 2 have been dismissed to the care of their families. In all the visiting nurse made 589 calls upon these cases.

In addition to caring for tuberculosis cases Miss Anderson has been called upon to render service in families where some other illness demanded care, and has examined over 1,200 school children. Of these latter cases the following defects needing treatment: Defective teeth, 438; tonsils and adenoids, 315; defective eyesight, 330; miscellaneous, 600.

The parents of many of these children were called upon and co-operated in having the defects removed. So far as reported back to her 22 had operations for tonsils and adenoids. 4 were provided with glasses, 10 had teeth attended to and 8 had miscellaneous defects remedied. The total number of calls made covering all cases, tubercular, general and parents of school children, were 1,048. The thanks of the association was given to the physicians who co-operate in this service in indigent cases needing attention.

The secretary, Miss Mabel Greenman, reported as follows:

"Since the organization of the J. A. T. A. the executive board elected at that time have held ten regular meetings, accomplishing the following projects:

1. The installation of Miss Anderson as visiting nurse, maintained by the City of Beloit.
2. Securing the services of Dr. Maud Williams Jan. 10, 11, 12, 1913, for a series of lectures on "Health and Morals" to the pupils in high school, and general public.
3. The Milk Sediment Tester, April 14, 1913.
4. The finishing of an out-door sleeping apartment for a boy twelve years of age afflicted with tuberculosis.
5. Placing a public drinking fountain at the Corn Exchange.

"On April 29th, 1913, the association held the first of its quarterly meetings for the members and general public. The Rex Theatre was donated for this purpose.

"The president, Mrs. Day, presided at the meeting, and in the absence of the visiting nurse, read her report. Chairman of the executive board, Dr. M. A. Cunningham, gave a detailed report of the organization and progress of the society. Dr. Sullivan, medical inspector of schools at Madison gave an interesting address regarding his work in the city. The meeting closed with a motion picture illustrating the importance of sanitation.

The association requires no membership fees, nor annual dues; its only source of revenue is through the sale of Christmas seals, 50 per cent of the proceeds of sales being retained by the local organization, the balance sent to the state association in Milwaukee. In 1912, \$305.79; in 1913, \$250.91, making a total of \$556.61, was deposited to the credit of the association in the Rock County bank through this source.

Of this sum \$81.76 has been expended for the following purposes: Printing and stationery, \$17.85; Lecturer's expenses, 13.87; Out-door sleeping room, 35.00; Sundries, freight and telephone, 3.80; Milk tester, 10.14; Dues Wisconsin Anti-Tuberculosis Association, 1.00.

Leaving a balance in the treasury of \$475.85.

On motion a vote of thanks was extended to the Janesville Gazette for courtesies during the year.

OBITUARY

Alexander McLellan.

Word was received here this morning announcing the death of Alexander McLellan, a former resident of Janesville, at Oakland, California. The remains will be brought to Janesville for interment. Mr. McLellan left Janesville some time ago, disposing of his property, the Silver Moon, on North Main street, and went west. He is thought to be seventy-two years of age, and had been a resident of Janesville or Rock County, for many years. A brother, Archie McLellan, lives at Delavan.

Thomas J. Loutjoy.

Footville, Nov. 13.—On Wednesday at one-thirty at the Central Christian church of this village, Rev. J. R. Spencer officiating, will occur the funeral of the late Thomas J. Loutjoy. Mr. Loutjoy was born at Atlanta, Illinois, March 12, 1860, and died at Janesville November 17th. He leaves a widow and two sons, Nathan, aged 17, and Paul, aged 18, and two other sons by a former marriage, Holton C. of South Dakota and Wayne, a resident of California. He had been a resident of Footville for the past thirteen years.

Charles C. Bishop.

The death of Charles C. Bishop occurred yesterday morning in his room at the Majestic hotel in Chicago, heart failure being his affliction. Mr. Bishop was an old resident of Janesville, being born here. His father, Godfrey Bishop, passed away some six years ago in Chicago.

Mr. Bishop was engaged in the grocery business with the late Edward Connell, in this city early in the sixties. In 1887 Mr. Bishop moved to Chicago where he made his home up to the time of his death. He was a single man, and leaves to mourn his loss, one sister, who resides in Indianapolis, Indiana. At the time of his death he was secretary and treasurer of the Marblehead Lime company, which position he held for the past twenty-two years.

The remains will be brought to this city tomorrow at 11:45 a.m. for the Northwestern road. Interment will be made in this city, the funeral announcement to be given later.

MR. AND MRS. VOSBURG GIVEN A SURPRISE PARTY

Just to remind them that they were newly-weds about twenty friends of Mr. and Mrs. Frank M. C. Vosburg called at their home last evening and proceeded to run things after a plan of their own.

Cards were played and from the well filled lunch baskets the ladies brought a delicious lunch was served. Before leaving they presented Mr. and Mrs. Vosburg with a cut glass water set.

Mean Farmer.

The meanest man on record is said to be a farmer, who lives in Kansas. He sold his son-in-law one half a cow and then refused to divide the milk, maintaining that he, sold only the front half. The buyer was also required to provide the feed the cow consumed and compelled to carry water to her three times a day. Recently the cow looked the old man, and now he is suing his son-in-law for damages.

Fire Set by Cotton Battering.

A citizen of Horton bought two small houses and joined them together to make one cottage. There was a small open space in the point of the roof where the two houses were fitted together. The carpenters filled the space with ordinary cotton batting and the joint of the roof was made of tin. The heat of the sun shining on the tin set fire to the cotton batting and nearly burned the house down.—Cincinnati Enquirer.

TERM OF ONE YEAR FOR ROY LENNARTZ

Young Man Who Confessed to Robbing Cash Register at Silver Moon Sentenced Today.

Roy Lennartz, who yesterday morning pleaded guilty in the municipal court to robbing the cash register of the Silver Moon saloon of \$24.25 on the night of May 24, 1913, was sentenced to one year in the county jail. He has already been given work under the labor commitment law, application having been made for his services before sentence was passed. Lennartz thanked the judge for the lenience that was shown him and said that he was going to do his best to show himself an honest man. The offense to which he confessed was one for which a state's prison sentence might be imposed.

Eddie McGorry hopes that upon his return from Australia he will have put on enough weight to enter the heavyweight class and gallop away with the white hope laurels. McGorry, in company with Ray Bronson and Milburn Saylor of Philadelphia, is on his way to Frisco where he will get a boat for Australia. He is confident that when he returns he will be a regular sure-enough heavyweight and

not a welterweight or just a light heavy. Quite a few other fighters have found that a trip to the antipodes has helped their weight a great deal and that upon returning to this country they have been able to retain the new poundage. McGorry will be very much disappointed if he is not able to turn the same trick.

As a matter of fact, Champion Kilbane knocked out Eddie O'Keefe twice the other day at Philadelphia. At any rate he landed O'Keefe two knockout punches and both of them had effect. Kilbane's doubt is a wall-on but O'Keefe away for over fifteen minutes, which shows pretty well the strength and steam behind it. The right to the jaw that Johnny handed O'Keefe had enough sting to it to put the vet away for the count, but Johnny didn't take a chance. As Eddie's guard dropped and he began to totter Kilbane followed the first blow with a left to the other jaw that laid O'Keefe flat on the mat. This double knockout of Kilbane's is as unpleasant a punch as a fighter could wish to be handed. The notion that the featherweight champ is weak in the wellop has been pretty thoroughly blown up of late and fighters are beginning to realize that for his weight Kilbane

carries about as vicious a blow as did the big Jack Johnson.

John K. Tener, who in all probability will be the next president of the National League, is a rather versatile person. Tener, at present the governor of Pennsylvania, was a professional ball player years ago and at one time made a tour of the world with an all-star aggregation rivaling the present trip of the Giants and White Sox. While in Egypt on the trip a fortune teller there told him that he would some day be governor of Pennsylvania. After quitting baseball he had several county jobs in Pennsylvania and finally climbed to the governorship. He is a large man of powerful physique and has a very engaging personality. In fact, his very popularity is said to have won for him in a great many of his campaigns for office. Tener has always held a very keen interest in baseball since his retirement from the game, and while in congress played on the Republican team that plays an annual game with the team made up of Democratic members. Tener does not regard himself as a candidate for the National League presidency, but it is not unlikely that he will receive an unanimous vote from the National League club owners, in which case he will be almost sure to accept.

Hurry-up Yost says that he is going to start a spring football player on the sport loving public next fall that will make 'em all sit up and express amazement. The reason why Yost can't bring the lad to light this season is because he is a freshman and the freshmen at Michigan are ineligible to the eleven. Many a sigh has Yost heaved over this unpleasant ruling, but the officials hold firm, and Freshman on the team are absolute barriers. Jimmy Maultsby is the youngster Yost expects to create a sale of comment next year and Yost has declared that the boy is the greatest plugging back he has ever seen. And although Yost would give a great deal for a fast full back this season, he will have to content himself with the thought of what Maultsby will do next year.

JUNIORS WIN OVER HEAVY SENIOR TEAM

Contest Brilliantly Played on Both Sides, Phil Taylor Scoring All 13 Points for Winner.

Philip Taylor was the man who defeated the Seniors at the inter-sectional game yesterday afternoon at the Driving Park between the two upper class elevens. The score was thirteen to nothing when the final whistle was blown.

Two touchdowns in the last half by Taylor, on short end runs scored, and he made one of the two attempts at

goals. The game was shortened somewhat to give the elevens an even chance to get through before darkness could creep on.

Harry Fuchs proved to be a field general, for he kept the Juniors all ways with him, and his selection for plays makes him a strong factor against Spohn in the class championship contest between the two middle classes. For the Seniors, Raymond Barnes played the best game. He was always under the tackles and used his head in running with the ball. Frick at fullback tore up the Junior line many times, with little effort on his part. Curtis reformed and Dalton upmired the contest.

Now that the Seniors and Freshmen are eliminated, the Sophs and Juniors will battle for the school championship probably on Wednesday night. The contest will draw a

large crowd, as both elevens are being expected to put out some men for next year's regular eleven, and the local mentor and school officials will watch the caliber shown, to aid them better in making their selection next fall.

CARNIVAL MANAGER WILL BE ELECTED

Important Committees Will Also Be Named at Meeting of Elks This Evening.

At the meeting of the Elks' lodge tonight a manager for the monster carnival and circus which will cele-

brate the completion of the Milwaukee street bridge, will be elected and important committees will be appointed. Enthusiasm among the Elks has been aroused more than in any other entertainment that the lodge has attempted and a guarantee fund of \$500 has been pledged from the members. The consent of the grand lodge for the holding of the carnival has been secured.

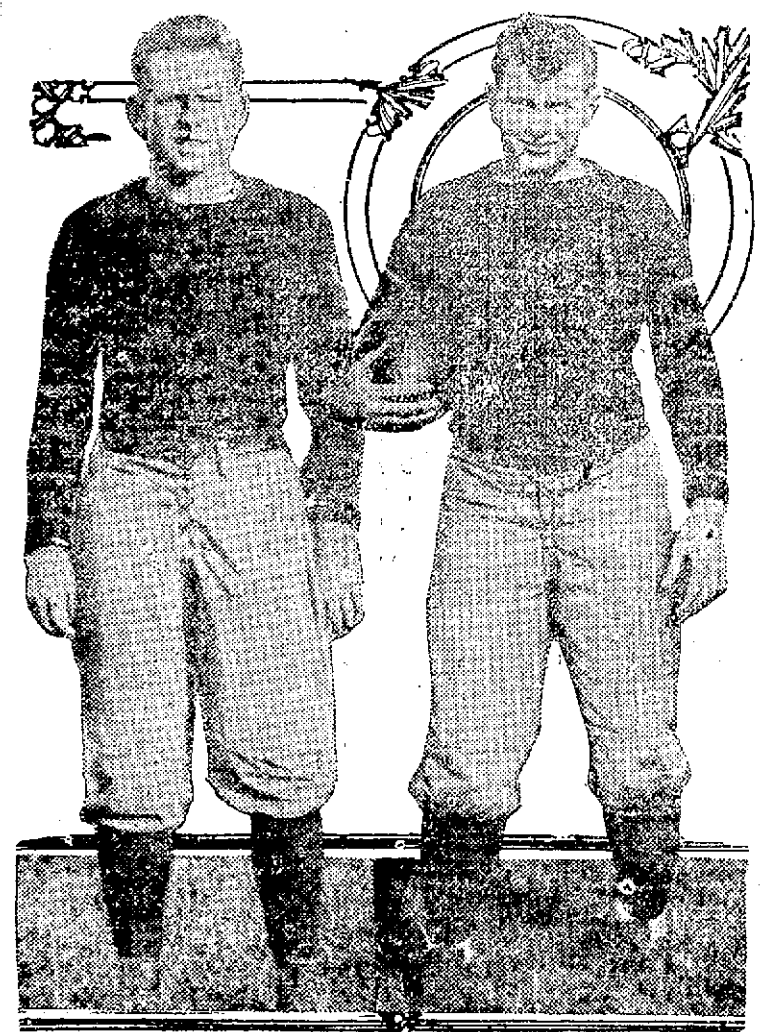

In addition to the general manager the members will also elect a treasurer at their meeting tonight. These two officers together with the original committee will compose the executive committee. Other committees to be named tonight are, committee on booths, auditing committee, advertising, decorating and floor privileges committees. December 30 and 31 are the dates for the big affair, according to the

committee. The place is the auditorium building on River street.

Fights Scheduled for Tonight. Jack Britton vs. Young Shugrue, 10 rounds, at New York. Bat Levinsky vs. Tim Logan, 10 rounds, at New York. "Kid" Egan vs. Johnny Reblan, 15 rounds, at Ardmore, Md.

FIVE MORE BIG GAMES ON GRIDIRON: ARMY-NAVY CONTEST TO CLOSE SEASON

Two of Princeton's leading football heroes—Hammond (left) and Schwartz.

Five more big games in which Eastern teams are involved are to be played before the curtain will be drawn on the gridiron sport for the year. Two of these will be decided Saturday, when Yale and Princeton meet in their annual battle at New Haven, and Michigan and Pennsy mix at Ann Arbor. The following Saturday Yale and Harvard will play at Cambridge. Pennsylvania and Cornell will meet Thanksgiving day, and on November 29 the season will close with the annual Army-Navy game in New York.

A Wonderful Stock of Fine Shoes For Everybody

A Word About Our Stock

The illustrations on this page give a hint of the extent and variety of our stock, but so many new ideas are brought out each season, so many handsome effects attained, that one must see our windows to get a proper conception of the new shoes that are on our shelves.

They reflect the best thought and study of designers who are acknowledged to be international creators of shoe fashions.

To their skill has been added our own knowledge of what our patrons want and which we delight to give them.

"Preparedness" is the only word which fittingly describes our stock, our store, our clerks. One of our loyal patrons tells us that it seems almost as if we knew what she wanted instinctively and had it ready for her to call for.

But that does not imply that we attempt to influence a customer against her wishes or better judgment.

To earn your unswerving friendship by a readiness and willingness to sell you exactly what you want, and when you want it, is our aim. Nothing has a place in this store that will not tend to that end.

A Word About Our Methods:

Perhaps you think we talk too often and too strongly about our superior fitting methods.

We do so because fitting is the most important part of the whole transaction of shoe selling.

It's important to you because proper fitting means comfort, ease, satisfaction; however good our shoes are—and their goodness is universally acknowledged—they will not serve you as they ought and could unless they fit not here and there, but every part of your foot.

Proper fitting is important to us because our growth, our continuance in business, even, depends upon the satisfaction which you derive from the goods we sell you and your approval of our selling methods.

Scientific fitting, varied stocks and greater values have built up this great business.

Our selling service is on a par with the high standard of the merchandise we offer—the best in the world.

If you have a particular style or last in mind, or if you are unusually hard to fit, you'll find Rehberg's a mighty satisfactory place to visit.

THE SUGAR QUESTION.

At a meeting of the beet sugar manufacturers, representing the states of Michigan, Minnesota, Iowa, Illinois, Wisconsin, Kansas, Colorado, Montana, Nevada, Utah, California and Arizona, with a total capitalization of a hundred million dollars, in Chicago, yesterday, it was announced that in all probability next year would be the last one in which these factories were operated. This is the first direct effect of the recent democratic tariff measure to be felt by the backbone of the United States, the farmer communities. However, it is not only the thousands of workers who have found employment during the winter months when there was a scarcity of demand for labor. It means right here in Rock county the loss of a million dollars or more annually to the growers and workers. The owners of the beet sugar factories do not think it possible to compete with cane sugar after 1916, when the new tariff regulations go into effect. In seeking to reduce the tariff to a minimum the democratic leaders have evidently overstepped a few feet of the line they hewed out. It is certain that men like Underwood did not intend to really put sugar on the free list, but it got away from them. President Wilson demanded it and it is now a law. Thus far there has been no apparent effect upon the cheapening of the cost of living to the consumer. Theoretically it sounded all right. It is a college theory; a pet thought of the theorist and economist, that free trade means cheaper living. Eastern manufacturers, however, have already felt the effect of the tariff. Large woolen mills are preparing to close their factories in the New England states and import their stocks from the cheap mills of Europe, using their own structures for supply depots only. One firm that purchases woolsens in considerable quantity right here in Janesville, has already been notified that one of the mills that supplies them have made arrangements to import their goods from France and close their own mill in Rhode Island. This is not theory; it is a fact. And they are solid facts at that. It means more foreigners will earn a better living in their own country, while the American laborers seek employment in other lines of business, if they can find it. The beet sugar question means simply that the farmer who has been growing sugar beets on ten or twenty acres of land, receiving a substantial profit for the crop, will have to grow corn, wheat, barley, or some other crop, for which he receives less money. This is not theory; it is a fact. Through a division in the republican party at the last election, a division on principle of management of party affairs, the democrats succeeded in gaining control of the national government. They have taken advantage of the situation to put into operation their pet theories and the results will be waited with anxiety.

FOREIGN COMPETITION.

There is never much satisfaction in saying, "I told you so," and the men who are offering this kind of consolation today, as the result of tariff revision, are causing but little commotion, because, on the surface, all kinds of business seems to be jogging along as usual. What is really happening, however, is told by Henry Clews in his last financial letter. He says:

"So far as the tariff is concerned, the cotton and woolen industries are feeling its effects most severely. Quite a number of our cotton mills are being hard hit by the increasing orders placed for foreign fabrics, and the woolen industry is in even worse condition, it being estimated that nearly one-half of the woolen mills of the country are idle, and that some of them will never be able to start again in competition with foreign goods. Our textile industries are further embarrassed by the high cost of raw materials. The demand of 22,000 operators in Fall River for an advance in wages at this time is exceedingly inopportune, showing as it does a failure on the part of labor leaders to recognize depressing economic conditions."

The closing of half the woolen mills of the country may be regarded as a joke, but is it? To be sure the woolen industry is only one of many, and the mills are largely located in eastern territory, but when factory fires are out it means enforced idleness for labor, and this is always the forerunner of depression. Tariff changes are not the worst features, at the present time, as Mr. Clews points out very clearly when he says:

"Perhaps the most discouraging of all influences is the indiscriminate attitude of hostility at Washington, and in many state capitols toward capital and business in general. It

seems impossible for legitimate business interests to secure a fair hearing in our legislatures; and in one form or another big business is being constantly struck at injuriously by all sorts of legislative devices, such as harsh rate regulations, repressive laws, oppressive taxes, etc. If continued such tactics will drive capital into the cities or out of the country, to the detriment of capital and labor alike. What is now more wanted than anything else is sanity at Washington and less prejudice against capital and big business. Otherwise the initiative in general business, which is now sadly wanting, will not again revive until the next congressional election has reversed the pernicious influences against which industry is now contending. Unless the rule of reason supersedes the present rule of prejudice there will be a further business depression before very long and many hands will lose employment. For this our various legislatures will be held responsible by the voters a year hence. There is no mistake about which way the political winds will blow ere long without general business conditions soon change for the better."

THE ROLL CALLS.

Representative Mann, the republic whip in the lower house of congress, is putting the democratic members on record daily by their absence from the roll calls which he demands to show there is no quorum of the house present ready for passage of legislation. This record will not look well when shown as a campaign document against present democratic members seeking re-election in 1914. The long fight on the tariff measure and the present battle royal as to the currency bill have been tiresome affairs. Congressmen have tired of the delays and the endless waits and have left for their homes. Congressman Mann has, however, taken advantage of the situation and demands the roll calls to show that the democrats who are responsible for the delays, are not attending to their duty. It is a clever move as it places the responsibility where it belongs.

Now the dispatches announce with surprise that Senator La Follette is grooming himself for the republican nomination for congress in 1916. No one ever doubted he was ready for the battle, but the question now is, how will he explain his vote on the democratic tariff measure to his farmer constituents.

Democratic leaders insist that Judge Karel be told to step aside and give place to some other member of the party for the gubernatorial nomination. Meanwhile the Davies boom for United States senator continues to grow apace.

Mexico still takes up the front page of column next to reading matter space in every newspaper. The country is receiving more free exploitation that would cost the average advertiser a large amount of money than it realizes.

The proposal for celebrating the formal opening of the Milwaukee street bridge with a mid-winter carnival or circus, is attracting interest throughout the city and promises to be a success.

Governor McGovern has returned from his hunting trip with a deer, but he still has nothing to say about politics. The political agents do all the talking necessary.

The removal of the state fair from Milwaukee to some other part of the state has not been discussed for some weeks past. However, if the fair is to be moved, Janesville is ready to offer it a site.

Former President Taft still continues to pay formal visits to the White House. He probably became much attached to the structure during his long residence in Washington.

PRESS COMMENT.

Horns Too.
President Wilson wants teeth in the new trust laws. He should demand that they also have claws.—Rockford Star.

They Do.
Milwaukee minister sees a great moral peril in grogches and cigars. Grogches and some cigars go together.—Racine Journal News.

Quite Innocent.
We hope the anti-Bryan men won't see any sinister design in congress presenting Miss Wilson with a set of silver as a wedding gift. It is not an attack on the gold standard.—Marquette Eagle Star.

Those Whiskers Again.
Some men who think they're out to set the world a-fire have neither match nor flint. Perhaps Jim Hain does not need them—his whiskers may do it.—Rockford Republic.

Need Change of Mind.
The "Wisconsin Idea" sounds all right, but at the same time it is a mighty expensive proposition and is one of the things which is causing the voters of the state to decide that another political party should be in control of affairs if present conditions are to be remedied.—Fond du Lac Reporter.

Why Not.
According to the statistics of the Milwaukee county hospital the per capita cost of the "keep" of the patients is eighty-six cents a week. A mental vision of the fact that sum would provide would almost warrant putting an unintended meaning on the word "keep" which is announced in the fact under the caption, "Keeps insane on eighty-six cents a week."—Fond du Lac Commonwealth.

Chief Justice Olson's Way.
Chief Justice Olson of the Chicago municipal court laid down the following methods which he believes would soon toward eliminating the social evil, in his address before the Forty Congress in Minneapolis:

1. The mentally, morally, and physically diseased prostitutes, both male and female, must be segregated for purposes of sanitation. Legislation should provide for their care and custody. They should be isolated in farm colonies, the sexes in separate institutions. When committed by the court, the sentences, should be indeterminate.
2. The renting of property for immoral purposes, with knowledge, should be made a felony.
3. The operation of such houses should also be made a felony.
4. The laws directed against the social evil should be enforced by the police officers.
5. There should be municipal control, with close supervision, of all

places of public amusement.
6. There should be publicity of facts concerning the social evil and dissemination of knowledge pertaining to social disease, sanitation, and standards of living.

7. Courses of study in biology should be introduced in colleges and training schools for teachers. These courses should include methods of presenting to children facts pertaining to the origin of life.—Galesburg Evening Mail.

On the Spur of the Moment

Good-Bye, Bunny Hug.

They tell us Reformers Are taking no chances. They will put The lid on The passionate dances. No longer the sinuous Kangaroo Hop, The dance of the Grizzly is wrong. It must stop. No longer the wiggle, No longer the wriggle, No longer the hug or they'll call in the cops. Reformers, you see, are shocked out of their boots By the hugs and the flops and the jumps and the scoots. They're pained and surprised That young folks civilized Should go out on these wild terpsichorean toasts. Reformers say that there is no excuse For a young man to dance like a bucking cayuse And to hurdle around Till the hair of his partner has all been yanked loose. And all they'll allow In dance halls right now Are the two-step, the waltz and the staid minuet. No more bunny-bugging, No swinging or hugging, No more may any man dance on his head. It's best to get hep That the passionate step Is going to be banished forever. Nut said.

The Last Fly of Summer.
(With apologies to Thomas Moore.) 'Tis the last fly of summer, Left buzzing alone, All her lovely companions Are swatted and gone. Not one of her kindred Of summer survives, They've given up ere now Their billions of lives.

I'll not leave thee, thou lone one. To stagger about, Since thy kindred are sleeping, I must knock thee out. Thus kindly I swat thee Upon thy bald head, As thy mates, all swatted, Lie buzzless and dead.

So now thou must follow, Fly heaven's thy goal; No longer crawl in The old sugar bowl. When true hearts are withered And fond hopes are flown, Thou must 'not inhabit This bleak world alone.

At the store the other day M. T. Bedde, who often contributes to the papers, called 'Tobe Toppington out, saying he wished to show him an article he had in the Mount Caruncle Journal-Advance. When they

were out of the sight of the loingers, Mr. Bedde carefully unwrapped the article and removed the cork. When 'Tobe appeared at the store he was staggering as if he had been struck by a great truth. This awed the loingers into believing Mr. Bedde capable of greater things than he was credited with. They have since been calling him professor in recognition of his great wisdom. Great is the power of the public press.

"BACK TO IOWA" IS GOVERNOR'S SLOGAN

Governor Clarke.

Governor Clarke of Iowa is heading a movement to bring back to that state former Iowans from all parts of the world. The last census showed a decrease in population of Iowa as compared to the census of 1900. Iowa leaders hope to wipe out this decrease in population and register an increase before 1920 and without drawing on immigration from Europe.

Person's Laugh Tells Much.
The manner of laughing is a reliable indication of a person's depth of thought and self-control. For instance, the chronic giggler usually is a person of shallow thought, while the quiet person, who seldom laughs and only rarely smiles, has a great intensity of feeling and thoughtfulness.

Daniel Frohman presents
LILLIE LANGTRY
in a tense dramatic play
"HIS NEIGHBOR'S WIFE"
It is an honor exceeded only by a surpassing degree of pleasure to announce the presentation of Lillie Langtry, the distinguished emotional actress, and the famous favorite of two continents, in a thrilling motion picture entitled, "HIS NEIGHBOR'S WIFE." Lillie Langtry's individuality and vital dramatic force are to well and widely known to require an extended description. "His Neighbor's Wife" will go down in history as one of Mrs. Langtry's greatest characterizations, and will become a tradition in the world of creative art.
The gripping story tears with intense suspense and appeal, and is indicated without exaggeration or histrionic hysterics. The plot may be considered bold, even daring, but it conveys a serious message and possesses an effective moral. The theme is as old as the world, but as new as today. It reaches the heights and depths of humanity. It is a slice of life.
Lillie Langtry's art makes the film preach a powerful sermon!
Prices: 10c in the afternoon, and in the evening, 10c for children and 20c for adults. Performances at 2:30, 3:30, 4:30, and 7:30, 8:30 and 9:30.

Investments

On the securities we have sold in Rock County a large number of interest items were due Nov. 1st, also the principal on some. Every item of principal and interest due is paid as well as some items not due until Dec. 1st, and Jan. 1st.

In addition to collecting interest and principal for our customers we have looked up each piece of land on which we have sold a mortgage to see that the taxes due in 1913 are paid.

These securities have been taken care of like this each year during the 13 years we have sold them in Rock County.

We have on hand for sale some well secured 6% mortgages and bonds that will be taken care of the same way.

WONDERFUL RESULTS FROM CORN CONTEST

REMARKABLE SHOWING MADE BY YOUTHFUL AGRICULTURALISTS.

EXHIBIT FOR PUBLIC

Results of the Summer's Work in Gazette Corn Contest Shown at This Office.

If there has ever been any doubt expressed that the soil of Rock county was not the most fertile as regards corn raising, as any in the United States, they must now be dispelled. The reports of the judges who inspected the corn exhibit of the fifty odd boys under twenty, who competed for the Gazette prizes for the best yield from an acre of either golden glow or silver king corn will surprise the average farmers and corn experts of the county.

Above Hundred Mark.
The corn judging was done so by weight alone and it is no secret that the winner's crop will show over a hundred bushels to the acre grown from the samples placed on exhibit. These ten sample ears are on exhibition in the windows of the Gazette office and are open to the public for inspection. As said before, the prizes will be awarded by weight. The remarkable showing is a demonstration of what intensive culture can do for the crops of the county.

Awards Saturday.
The official awarding of the prizes will be made on Saturday afternoon next at the city hall. Former Governor Howard of Fort Atkinson, who has expressed much interest in this contest, was expected to be one of the speakers of the afternoon, but he was forced to decline owing to his health. He expressed his great regret at not being present as he believes it marks a new era in corn raising in Wisconsin.

At Other Exhibits.
In order to show what Rock county boys can do it is planned to have the exhibit shown at several points both in Wisconsin and outside the state. The ten ears are the property of the exhibitors and will be returned to them later as they will be valuable for seed corn for the next year's crop.

BRIEF LOCAL NEWS.

Sodality Dance: Over one hundred couples enjoyed the dancing party given last evening by the Young Ladies' Sodality of the St. Patrick's church at the Assembly Hall. The party was one of the most successful held in the city for some time. Hatch's full orchestra furnished the inspiration.

To Mendota: Sheriff C. S. Whipple, accompanied by his wife, this morning took to the state hospital for the insane at Mendota Miss Anna Long of Orfordville, who has been committed to that institution.

Pays Visit to City: Ensign Fleming of the Salvation Army, who was stationed here for several years in connection with the work of the city, is in the city visiting old friends. He is now stationed at Lead, South Dakota. Since leaving Jansville he has been promoted from captain to ensign.

Masonic Meeting: Regular communication of Western Star Lodge No. 14 will be held at the Masonic Temple this evening. Visiting brothers are welcome.

Entertains Friends: Mrs. Harry Townsend entertained a party of about thirty friends yesterday evening in honor of her sister, Miss M. Bouley, who is to be married soon. The party engaged in a game of cinch which, after several close contests, resulted in Mrs. James Gallagher capturing first and Miss Myrtle Gibbs the consolation prize. Delightful refreshments were served, everyone having a most enjoyable time.

Recess Taken: A recess of the circuit court has been taken until nine o'clock Friday morning. Little business came up for settlement. The first case on the calendar for Monday is the Jansville Motor company versus Grant E. Fisher.

SUCCESSFUL BOX SOCIAL HELD IN RURAL DISTRICT

On Friday evening, Nov. 14, a very successful box social was held in district No. 7, town of Rock. The room was prettily decorated in blue and red, draped with blue paper, and autumn leaves tied with blue ribbons. A program, which consisted of about forty numbers, was rendered, and it showed plainly that it was carefully prepared by the teacher, Sadie Finnane.

The boxes were auctioned by two members of the school board. The amount received was \$18.50, which will go toward the purchase of an organ for the schoolroom. People from Afton, Orfordville, Town Line and the local neighborhood were in attendance. The guests departed at 10:30 o'clock, enjoying the school members' royal entertainers.

LA CROSSE COUNTY BOARD NULLIFIES MOTHER PENSION

[BY ASSOCIATED PRESS.]

La Crosse, Nov. 18.—An important piece of reform legislation, mothers pension law, has been nullified in this county. The county board today refused to make an appropriation for it. The law is intended to provide for women whose children have died or deserted and left them destitute. Under action of the La Crosse county board which is expected to have an influence on other counties in western Wisconsin dependent mothers must shift for themselves for another twelve months at least.

BLACK BEAR AND DEER PASSED THROUGH CITY
Reaching within the limit of the law on an other words, going far as the law allows, was prevalent in an unusual case today. A black bear of enormous size and a buck deer, both dead, passed through this city this morning, bound for Orfordville. The bear was shot in the northern part of the state last week by an Orfordville man.

The law states that one bear and one deer may be sent at once, but two bears and two deer. The bear was a solid black, weighing perhaps four hundred pounds. The deer was a young one.

ARTHUR J. HARRIS IS REPORTED VERY ILL

Exploitory Operation This Morning Shows He Is Suffering From Acute Pancreatitis.

Arthur J. Harris is reported critically ill at Mercy Hospital, to which institution he was removed late last evening. An exploitory operation, made by Dr. Dean Lewis of Chicago and Dr. Frank Van Kirk of this city, this morning showed that he is suffering from a rare disease, designated by the medical authorities as "acute pancreatitis." He was taken ill on Sunday evening and while his condition is critical every hope is given by the attending surgeons for his ultimate recovery.

LOCAL GIRL IS HELD AT DETENTION HOME

Marie Vogelsburg Awaiting Hearing in Milwaukee Juvenile Court—Left Short Time Ago.

Marie Vogelsburg, a Jansville girl, is being held in a detention home at Milwaukee to await a hearing in the municipal court. She told the police in that city that she came to Milwaukee about two weeks ago to seek employment. There she met a traveling man and went with him to Chicago. He deserted her there and she returned to Milwaukee where she registered at the Schlitz hotel. She gave the name Marie Rose, Jansville police officer, her detention in Milwaukee, said that she was well known to them, having been several times not to tell about the streets. Her mother, who lives in this city, has been notified by the Milwaukee police and is expected to go to Milwaukee to obtain custody of her.

ATTACKED BY A MAN WHO STOLE HIS WATCH

Belief Held by John Little Who Was Picked Up by Police With Bad Wound in Head.

That he was attacked by a man whom he believes and whom he accused of stealing his watch is the belief entertained by John Little, who was picked up by the police on East Milwaukee street near East street after midnight with a bad wound to his head. He was also badly intoxicated and was taken to the police station where a physician was called to dress his wounds.

Little's head was swathed in bandages when he was brought before Judge Maxwell this morning and pleaded guilty to a charge of intoxication. He was sentenced to pay a fine of \$15 or go to jail for fifteen days. His fine will be paid this evening. He said that some time ago his watch was stolen and afterwards meeting the man whom he believed stole it he told him that he either had the watch or knew where it was to be found. Little refused to divulge the name of the man he has under suspicion and he learned more definite information concerning him.

Fred Kaufman was arraigned in the municipal court at eleven o'clock on a charge of being drunk and disorderly. He pleaded guilty and was sentenced to ten days in jail plus a fine of \$25 and costs or twenty-five days additional. Kaufman came home intoxicated last night, drove out all the members of the family and barricaded himself inside. Complaint was made to the police and Chief Ransom and Patrolman Smith had to force their way into the house by opening a window in order to place him under arrest.

Save your hair. Make it soft, glossy, fluffy, beautiful—Grows hair and we prove it.

Try as you will, after an application of Danderine, you cannot find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most, will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and

scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance, and incomparable lustre, softness and luxuriance, the beauty and shimmer of true hair health.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all.

RED LARGE PIMPLES ALL OVER FACE

Festered and Came to Head, Scratching Made Sores. Caused Disfigurement. Used Cuticura Soap and Ointment. Face Now Clear.

1413 E. Genesee Ave., Saginaw, Mich.

"Cuticura Soap and Ointment cured me of a very bad disease of the face without leaving a scar. Pimples broke out all over my face, red and large. They festered and came to a head. They itched and burned and caused me to scratch them and make sores. They said they were sores. At night I was restless from itching. When the barber would shave me my face would bleed terribly. Then scabs would form afterwards, then they would drop off and the so-called seal warts would come back again. They were on my face for about nine months and the trouble caused disfigurement while it lasted.

"One day I read in the paper of the Cuticura Soap and Ointment. I received a free sample of Cuticura Soap and Ointment and it was so much value to me that I bought a cake of Cuticura Soap and a box of Cuticura Ointment at the drug store. In about ten days my face began to heal up. I kept on using Cuticura Soap and Ointment and in a very short time after the scabs dropped off the red spots where they were vanished also. My face is now clear of the warts and now a scar is left. (Signed) LeRoy C. O'Brien, May 12, 1913.

Cuticura Soap 25c and Cuticura Ointment 50c are sold every where. Liberal sample of each mailed free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. T, Boston."

Men who shave and shampoo with Cuticura Soap will find it best for skin and scalp.

FORUM AND RUSK IN REGULAR SESSIONS

Short Programs Are Given by Boys' Societies at High School Last Evening—Discuss Winter Plans.

The Forum and Rusk Lyceum Literary societies met last evening at the high school in their regular sessions. Both societies discussed more definitely their plans for the coming winter months. The Rusk are planning on an evening entertainment in some form or other, the idea being to keep everything in secrecy. The programs follow:

Forum.
Roll call answered by a humorous saying.
Debate: Resolved, that the fifteenth amendment to the constitution be repealed. The negative, composed of Fuchs and Bennett, won over Schoof and Mount on the affirmative, the decision being 2 to 1.

Rusk Lyceum.
The Rusk discussed the debate the question which will be debated by the high school teams this winter. The question reads: Resolved, that the literary test would be the desirable method of further restricting immigration into the United States. Hyzer won a 2 to 1 decision over Hanning. Hyzer took the negative side.

BROTHERHOOD TO DISCUSS NEW CHURCH CONSTITUTION

Members of Congregational Men's Club Will Meet on Wednesday Evening.

Various phases of the new constitution of the Congregational church of America, adopted at the recent convention at Kansas City, will be discussed at the regular monthly meeting of the men's club of the First Congregational church on Wednesday evening. There will be a reception at six-fifteen at the church, followed by a supper. F. S. Barnes, president of the club, will preside, and the following addresses will be given: "The National Council, the Creed and the New Church," Rev. David Heaton; "The Constitution and the Work of the Churches," O. A. Oestreich; "The Consolidation of Missionary Societies," F. J. Lowth. The orchestra will provide music during the supper hour.

LOCAL POSTOFFICE RECEIVES ORDERS ON XMAS PARCELS

Valentine Says That All Packages Should be Mailed Early.—Extra Help for Parcel Post.

Within ten days, there will be small placards placed in the business districts of the city, more in the form of a hint to the general public to have their Christmas packages ready to send earlier this year than in the past. This is done to avoid the terrible rush which prevails every year just before the holidays. Special attention is paid to the parcel post articles, although the regular mail articles need attention also.

Postmaster Valentine has received the following orders, here stated in a rough form. Signs, such as "Do not open until Christmas," may be used upon packages, but see that the packages get to their destination before Christmas comes. The sign above would be a good idea to suggest, and a good remembrance to place on all parcels, so that the matter of delay in mailing would greatly be lessened, by insuring an early shipment.

All parcels to be sent either by parcel post or by mail, should be well wrapped so as to avoid any trouble to the clerk who are kept busy in the rush. They should be prepared to stand hard knocks, and hard usage in long travel.

Letters addressed to "Santa Claus," are to be mailed to some charitable institution or individual, who are respectable. Any public-spirited person may be obliged to receive such letters at any time, providing they are used for philanthropic purposes. Only letters received where postage has been fully paid shall be treated with in this manner.

Letters received with the postage only partly paid, shall be treated in a like way only after the postage has been paid. Letters address-

ed "Santa Claus" that have not been handled by anyone, other than the postoffice authorities, shall be sent to the dead letter office.

A parcel post wagon has been placed on service at the local department. This wagon will be extensively used within the next few weeks, and when the Christmas trade comes, there will be additional wagons put on, to handle the heavy traffic.

REST OF DEBATERS PICKED LAST NIGHT

Smiley, Spohn and Horwood Selected As Other Definite Speakers to Represent High School.

The second preliminary for selecting the remaining three debaters to represent the high school in the inter-school contests this winter, was held last evening in the high school assembly room at 8:15. Out of the five contestants who participated, the three chosen, were: Russell Smiley, George Spohn and Stanley Horwood. Victor Hemming and Raymond Barnes will be the alternates for the year.

The contest was close and interesting. Smiley made such a decided improvement since last Monday, that he astonished the judges. His experience of last year could be plainly seen, and he hammered his arguments hard and to the limit. Spohn exhibited fine expression, and his arguments were forceful. Horwood displayed oratorical ability, with some still arguments for an opponent to refute with success. He spent much time in preparation, and he gave his entire speech with deliberation. Hemming and Barnes handled their arguments in fine manner, holding the attention of their judges at every possible moment. The contest was even closer than the one held in the high school last Monday evening. The judges for the evening were H. C. Buell and J. T. Schaefer.

Regarding the debates, Prof. Schaefer has heard nothing from the Beloit college management as to dates or what side of the question the local school will take. Out of the six already chosen, namely, Dearborn, Smiley, Spohn, Schoof, Erick and Horwood, three will be selected at a date, with a leader, to oppose the Beloit high school trio in the first league debate of the year.

BAILEY LECTURE OF VAST SIGNIFICANCE

Eastern Art Critic Has Wonderful Methods for Beauty and Cleanliness in His Address.

Those who attend the lecture tomorrow evening at the high school will surely be amply repaid, for Prof. Henry Turner Bailey, the speaker of the evening, who lectures on "The Town Beautiful," has some interesting facts to present. His talk covers new ideas never before expressed before the public here, and the management here, who are securing his services for tomorrow night, believe they have something extraordinary in the new modern day lectures.

Prof. Wright of Beloit College will introduce Prof. Bailey to the audience.

LIMITED NUMBER OF TURKEYS THIS YEAR

Young Chicken for Thanksgiving and Christmas to be Chief Meat—Ducks and Geese Scarce.

There will be many a disappointed family who sit down at the Thanksgiving or Christmas dinner table and find that there is no turkey to elaborate the menu for the day. And that is liable to be the case this winter. Turkeys are reported to be as scarce this year as they have ever been, and perhaps more so, for the prices may have around the twenty-five cent mark with little prospect of that price being lowered.

Young chicken will be the substitute for the occasion. Eighteen cents, or close to that mark, is the price prediction from the present outlook. Ducks and geese may be favored by many, and if they are, only a limited supply will await their anxious buyers.

Just why turkeys are so scarce this year seems to be a hidden mystery to solve. In some parts of the country they are reported to be in demand, while in other sections there seems to be an over run, from reports Wisconsin can, however, look for the highest prices available, for it is sold that turkeys reach a reasonable price in this state.

NORTHWESTERN ROAD CHANGES TERMINAL

Madison Division Makes Shift in Freight Headquarters From Baraboo to Capitol City.

The Madison division of the Chicago & Northwestern railroad have changed their head station for the arrival and departure of way freight from Baraboo to Madison. In making this change there is a possibility of transferring the head offices of the division to the Capitol City also. In that case, over one hundred railroad men, including clerks, crews and officials, would remove to Madison.

Baraboo are located the offices of the division superintendent, E. E. Nash, a train dispatcher, two trainmasters, division accountant and the foreman of bridges and buildings. A repair shop would also be moved to Madison.

No decision has been reached as to whether or not the head offices will be moved to Madison. If such should be the case, it would mean that a new roundhouse be built on a larger scale to handle the business. The change would be a radical one also, as the offices and equipment have been stationed at Baraboo for the past twenty-five years.

KOSHKONONG

Koshkonong, Nov. 17.—Mrs. Will Miller and son George visited Wednesday and Thursday at Shophere with her sister, Anna Usher.

Mrs. Probst of Jefferson is spending the week with her daughter, Mrs. C. L. Telle.

Reilly-Ryan.

A very pretty wedding took place this morning at St. Joseph's church when Katherine, daughter of Mr. and Mrs. Philip Reilly of Porter, was married to William J. Ryan of Lodi.

The bride's sister, Miss Mary Reilly, and Dan McGinnis, a cousin of the groom, attended the bridal party. After an extended wedding trip the happy couple will make their home at Lodi.

The bride is a well known and highly esteemed person, by Edgerton friends, having lived here some time ago.

Mrs. M. J. McInnes of Lodi and Dan McGinnis of Rockford were present at the ceremony.

Couldn't Place Them.

Little Jessie, aged four, who was quite familiar with a pack of cards, was taken to church for the first time. She was very much interested in the stained glass windows, which portrayed the different saints of the bible. Much to the amusement of those seated by, and very much to the chagrin of her mother, Jessie said, in a stage whisper: "Tell me, mother, are they kings or jacks?"

Ed. Roberts of Rockford spent Sunday at the Mrs. M. Warner home.

Those from out of town attending the funeral of the late Mrs. Melton were Mr. and Mrs. Frances Carteron and Raymond Warner of Madison.

Mrs. Will Hansen and daughter Josephine of Oxford, Mrs. Sophia Barnum of Rockford and Arthur Warner of Beloit.

The Royal Neighbors are to entertain at a coffee at the country home of Mr. and Mrs. Clyde Courtier Thursday. All those going will find a conveyance at the Grange store at 10 a. m. sharp.

There will be a meeting of the E. F. U. Wednesday evening, November 19th, at the J. O. O. F. hall. As business of importance is to be transacted it is urged that every member be present.

WEATHER CONDITIONS.

The barometer is still above normal in the southeastern states and fair, cool weather still prevails in the southern Appalachians and along the south Atlantic coast.

A trough of low barometer stretches from the lake region southwestward over the Mississippi and Missouri valleys and the plains to the plateau region, where low atmospheric pressure prevails quite generally between the Rockies and the Pacific, and from Canada to Mexico.

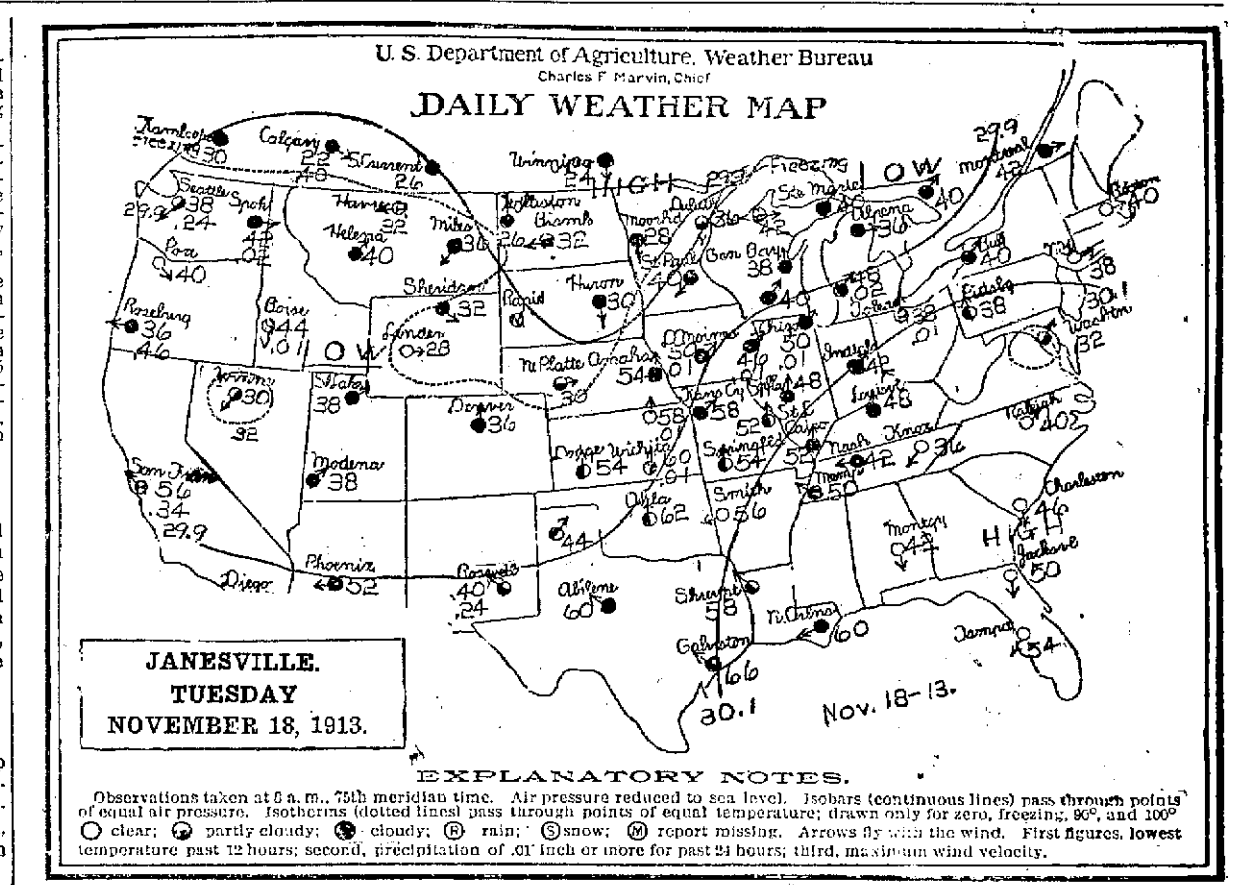

The temperature has risen and the weather is unsettled and cloudy with local rains throughout the region under the control of the low pressure area above described. The rise in temperature has amounted to 10 to 15 degrees in the middle and upper Mississippi valley. High barometer prevails in Manitoba and adjacent states, and the temperature there has fallen 10 to 16 degrees.

To Stop a Leak.

To stop a leak, mix whitening and yellow soap into a thick paste with a little water. Apply this to the place where the leakage is and it will be instantly stopped. A visit from the plumber will still be necessary, but there is no special hurry for more radical repairs.

Brown Eyes.

Brown eyes are indications of deep feeling and quick susceptibility to individuals of the other sex. They usually mean liberality of feeling, a warm, clinging nature and a freedom from Puritanical prudery.

WOMAN'S PAGE

The Evening Chit-Chat

BY RUTH CAMERON

BIG LITTLE THINGS.

THE BIGNESS of little things of one kind or another is a fact that continually impresses me.

Some weeks ago I wrote you about the big effect of little things in influencing our feelings toward our friends. Today I am impressed by the bigness of little things of a more material kind.

In the restaurant this noon, I sat opposite a girl who would have appeared charmingly dressed but for one little thing. She had on a stylish suit and a becoming hat. Her gloves, her veil, her hand-bag and all the other little accessories were trim and smart, but—and what a big little word that is, by the way—she wore a linen collar which was about two sizes too large. Within that, her neck, naturally small, looked thin and gawky. It was the first thing one noticed about her and spoiled the rest. Such a little thing! And so big!

The dining room of a small boarding-house where I once took my meals was most unattractive and unappealing. (How I hate that word, boarding-house. I wish there were some more euphonious term for it, like the French "pension" or does "pension" sound as unattractive to the French as boarding-house does to us, I wonder?)

One day a new hostess took charge of the house and in a week that room was transformed. And yet she had made but two changes; she had the hideous figured paper replaced by soft, plain brown—not one with more expensive, mind you—and she had shades put on the electric lights so that the light was pleasantly concentrated on the table, instead of glaring all over the room and revealing its defects. Later she made other changes but just these two worked a miracle. You see, they were as big as they were little.

The bigness of little things in house construction is just beginning to be glimpsed. A woman who has recently had new set tubs and sink put into her kitchen showed them to me with great pride. "They are six inches higher than the old ones," she said. "That may not sound much to you but it means the difference between backache and no backache. To sink had the want of six little inches has been trying me out all these years!"

Do you know that it makes a house just twenty-five per cent. easier to heat if the kitchen—of course that means a kitchen with a coal range in it—is on the cold, windy side of the house? Just think of it, twenty-five per cent. taken off your coal bill by a little intelligence in construction! There are no little things, someone has said, and when one thinks of the big results that may come from what we carelessly call "little things," one is inclined to agree.

(1) All you can do, my dear, is to be pleasant, look well, show your self considerate of his feelings and his comfort and interested in his likes and dislikes, and his work. But you can't win any man's real, lasting love unless he voluntarily loves you. That is something not to be controlled by you.

(2) I do not know. Some girls are children still at eighteen; others seem to be quite grown up. If you think you are in love, a sure way to test it is to wait a year or so and see if he lasts.

(3) I don't think it's best. Your kisses should be kept for the man you are engaged to marry.

(4) If your character and your thoughts are beautiful, if your acts are kind, if you keep yourself clean and neat and dress with simple good taste, you will be attractive to people.

(5) The law says, in most states, that a girl may marry when she is eighteen.

FAMOUS HOTEL RECIPES.

Brown Omelet.—Beat the yolks of five eggs thoroughly, add three tablespoons of thick cream, three tablespoons of cocoa or unsweetened chocolate, one tablespoonful of sugar and a pinch of salt. Mix and fold in the beaten whites. Cook in a hot omelet pan for three minutes, then put into a hot oven. Serve immediately.

Crab Salad.—Take one pound of crab meat, add a large tomato, a cucumber and a stalk of celery, chopped, mix with a little French dressing, and as it is mixed add a tablespoonful of mayonnaise. Heap on white lettuce leaves, add more mayonnaise, if needed, and garnish with sliced hard cooked eggs.

Fillet of Beef With Spanish Sauce.—Lard a piece of fillet with strips of bacon, put in a pan with sufficient vinegar, well diluted with water, to cover, add a sprig of parsley, a slice of onion and seasoning and let stand overnight in a cool place. Roast in a moderate oven an hour and a half. When done pour over it some Spanish sauce and put the remainder into the tureen. Garnish with baked Spanish onions.

Spanish Sauce.—Cut into a pint of white stock a small piece of ham, a cup of onion, carrots, celery, a bit of parsley, a clove and a bay leaf, boil gently until the flavor is extracted from the vegetables, add a cup more of stock, strain and add a fourth of a cup of sour orange juice, thicken with flour and butter.

One famous cook who prepared marvelous steaks with wonderful flavor would never tell the secret. He carried a small bottle in his vest pocket and just as the steaks were taken up he sprinkled a bit of this secret seasoning over the platter. After his death the secret was discovered, the marvelous powder was asafetida.

Try it on your next steak.

DOUGHNUTS ALWAYS WELCOME, ESPECIALLY FOR BREAKFAST.

Doughnuts are always welcome on the home table. As the finishing touch to a nourishing breakfast they are relished by practically all of us.

Following is an excellent recipe:

Doughnuts.
Material—

Sugar, one cup;
baking powder, four teaspoonfuls;
cinnamon, one-fourth teaspoonful;
grated nutmeg, one-fourth teaspoonful;
shortening, two tablespoonfuls;
eggs, two;
flour.

Directions.—Cream the butter, add the sugar and the well-beaten eggs gradually; add three cups of flour, mixed and sifted with all the more flour as necessary, until it is better at this point to set the covered dough in a cool place for several hours or overnight, and less flour may be used and the doughnuts will be light and tender.

Roll and cut, fry in the tested fat until brown on both sides. Drain on soft paper. The fat must be kept at uniform temperature, remembering that each time doughnuts are added the fat is cooled.

Corn Bread.
Materials—White cornmeal, one cup; pastry flour, one cup; milk or boiling water, one cup; sugar, one-fourth cup; baking powder four teaspoonfuls; salt, one-half teaspoonful; egg, one.

Directions.—Pour the cornmeal gradually into the boiling water and let stand until cool. Beat the egg well with the sugar and add; sift flour, baking powder and salt together into this, turn in the melted butter from the pan in which it is to be baked. Beat the batter well and bake fifteen or twenty minutes in a moderately quick oven. The sugar may be omitted. Sour milk may be substituted for the sweet milk or water, in which case use one-half teaspoonful of soda in place of baking powder.

Almond Pudding.
Materials—Sugar, one-third cup; molasses, one-half cup; flour, one and one-half cups; milk, one-half cup; chopped and blanched almonds, three-fourths cup; butter, four tablespoonfuls; soda, one-half teaspoonful; salt, one-fourth teaspoonful; cinnamon, one-fourth teaspoonful; eggs, two.

Directions.—Cream the butter in a bowl and gradually add the sugar, molasses and beaten eggs. Mix and sift all the dry materials together and add to the mixture, alternating with the milk, and last the almonds. Turn into a buttered mold and steam two and one-half hours, keeping the water to the boiling point. Serve with cream, plain or whipped, and flavored.

Every Day Talks for Every Day People

BY FRANCES JOYCE KENNEDY.

For the woman who washes on Monday this is her day to iron. Do you like to iron? It is genuine hard work if done standing up and with heavy, half-heated irons. Poor tools make a poor workman. You wouldn't catch a man trying to work without the necessary equipment. So tell yourself that your home and its successful management is every bit as important as the best factory work in the world, and if you haven't a good ironing board—get one. There's so many different kinds to choose from that the kind you get will depend on you. If your John is good at doing things to lighten the work and expenses around the house, have him make you one.

This isn't half as expensive as to buy one and you will be just as well satisfied with it; more when you figure up how much you've saved in clear cash.

A broad board for the ordinary ironing and one about nine inches in width for the children's clothes—that is the closet that are not buttoned from the neck to hem. Such little gowns are much easier ironed, but as all the clothes are not on this pattern it's a wise plan to have a smaller board. Make it a point not to stand up while ironing. Now don't emphatically declare that you can not iron half so well sitting as standing. Learn to. You've no idea till you've tried it how much easier it will be; how much better you will feel on finishing.

Get a stool at one of the furniture

stores—just a plain kitchen stool, have John cut the legs off a bit, it's too high for you, and start in to get acquainted with the really good points of an ordinary stool. It's rather foolish to iron the bed linen that you use from week to week.

I can hear the "Oh's" and "Ah's" that will ascend skyward on reading this—but honestly now what is more comfy than snuggling down between sheets that have never seen the iron? They fairly shout of ease and the fine out-of-doors and to a tired person (this means you) the sensation is restful in the extreme. Then too, the children will live—and thrive—if the stockings are not ironed. Folded right from the line flat pieces present a really respectable appearance; and when the sturdy little legs are in the stockings—say, now, can you tell whether or not they have been ironed? A good natured, happy mother that has the time and inclination to read for a while with them, or to tell them a story and let the ironing that isn't really necessary go undone than to have all the clothes creased to a nicety and a mother that is always too tired to join her youthful band? Just one woman can't do everything. Be wise! Choose the course that eventually will be best for your children.

MAY NOT HAVE NEW HOME COMPLETED

Work on the mansion which the late Charles G. Gates was erecting at Minneapolis has been stopped, and will not be resumed until after the contractors have had a conference with Mrs. Charles G. Gates, and also with the dead man's mother. The building, if completed, will be the most palatial residence in the northwest.

THINGS WORTH KNOWING.

To disguise the taste of cod liver oil, sweeten some common vinegar with honey and take a small sip, then take the oil, the taste of which will be perfectly and pleasantly disguised.

Very hot water applied to a bleeding cut will stop the flow of blood frequently.

When pressing woolen goods spread a newspaper over the material instead of a cloth, and there will be no bother with brushing off the troublesome lint.

Always add hot water to cooking cereals when the evaporation demands added fluid.

THE TABLE

Tomato Bouillon With Oysters.—One can of tomatoes, one and one-half quarts of bouillon, one tablespoonful of chopped onion, one-half bay leaf, six cloves, one-half teaspoonful of celery seed, one-half spoonful of peppercorns, one pint of oysters. Mix all the ingredients except the oysters and boil twenty minutes. Strain, cool and clear. Add unboiled oysters and serve in bouillon cups with small croûtons.

Escalloped Potatoes.—Wash, pare, soak and cut four potatoes in one-fourth inch slices. Put a layer in buttered baking dish, sprinkle with salt and pepper, dredge with flour and dot over with one-half tablespoonful of butter; repeat. Add hot milk until it may be seen through the top layer, bake one and one-half hours or until the potato is soft.

Swiss Salad.—Mix one cup of cold cooked chicken cut in cubes, one cucumber pared and cut in cubes, one cup of chopped English walnut meats and one cup of French peas. Marinate with French dressing, arrange on a serving dish and garnish with mayonnaise dressing.

Maraschino Sauce.—Two-thirds cup of boiling water, one-third cup of sugar, two tablespoonfuls of cornstarch, one-quarter cup of Maraschino cherries cut in halves, one-half cup of Maraschino syrup, one-half tablespoonful of butter. Mix the sugar and cornstarch, add gradually to the boiling water, stirring constantly. Boil five minutes and add the cherries, syrup and the butter.

Mock Mince Pie.—Four common crackers rolled, one and one-half cups

of sugar, one cup of molasses, one-third cup of lemon juice or vinegar, one cup of raisins, seeded and chopped, one-half cup of butter, two eggs well beaten, spices. Mix the ingredients in the order given, adding the spices to taste. Bake between crusts. This will make two pies.

Thanksgiving Pudding.—Four cups of scalded milk, one and one-quarter cups of rolled crackers, one cup of sugar, four eggs, one-third cup of melted butter, one-half cup of nutmeg, one teaspoonful of salt, one and one-half cups of raisins. Pour the milk over the crackers and let stand until cool; add sugar, eggs slightly beaten, nutmeg, salt and butter; parboil the raisins until soft by cooking in boiling water to cover; seed, and add to the mixture; turn into a buttered pudding dish and bake slowly for two and one-half hours, stirring after first half hour to prevent the raisins from settling. Serve with brandy sauce.

STUDENTS CAMPAIGN FOR GREATER MILTON

MILTON FORWARD MOVEMENT INAUGURATED AT A STUDENT MASS MEETING.

TO RAISE ENDOWMENT

Working Endowment of School to Be Increased to \$250,000 by 1917, the Fiftieth Anniversary.

[SPECIAL TO THE GAZETTE.]

Milton, Nov. 18.—At a mass meeting of the students of Milton college on Saturday evening the "Milton Forward Movement" was inaugurated, having for its purpose a larger and greater Milton college.

The meeting was most enthusiastic and promises large things for the benefit of the school. College songs and yells rang out with unusual spirit evincing a determination to carry through the campaign to a most successful end. While the students have primarily interested themselves in the movement, prominent members of the alumni and faculty were present and William C. Daland, president of the college, chartered a special train from Chicago to bring him to the meeting.

Speeches were made by President Daland, Prof. Harbour, Rev. L. C. Randolph, John N. Daland and a number of enthusiastic students.

"More students—more money—more Milton spirit—enthusiasm!" was the universal expression of the purpose of the meeting. The plan, in general, is to give entertainments, initiate an advertising campaign, and work up enthusiasm for Milton.

W. D. Burdick was chosen chairman and appointed the following committee to draw up a constitution and perfect the organization: Margaret Ingman, chairman; Marian Ingman, Zola Zipp, Mabel Lewis, C. H. Crandall, R. W. West, E. C. Babcock, C. F. Gesler.

Resolutions were adopted as follows:

Whereas, we, as students of Milton college deeply appreciate the many and superior advantages we enjoy in this institution, and fully realize the debt of gratitude we owe to our able and faithful faculty, and to the trustees, through whose combined sacrifice and devotion such advantages are made possible to us;

Whereas, we firmly believe that the standard of scholarship and instructive efficiency in this college is higher now than ever before, and that the spirit of harmonious cooperation and "team-work" between the faculty and students is almost ideal; and

Whereas, we profoundly feel that many more aspiring young men and women should, even now, be sharing with us the splendid educational opportunities here afforded; and

Whereas, the semi-centennial of Milton college is to be celebrated in 1917, by which time the endowment of the college should be increased to at least \$250,000;

Whereas, before the raising of this amount, the gymnasium indebtedness must be lifted; therefore be it

Resolved, by the students of Milton

college, and the members of the four college lyciums in mass meeting assembled, that we do now organize and institute "The Milton Forward Movement."

Resolved, that the membership of this organization shall consist of the members of the four college lyciums. Resolved, that, in addition to the usual executive officers, there shall be an advisory board of six members—two to represent the faculty; two, the trustees; and two, the alumni association; that the president of the college shall be chairman of said advisory board; that the faculty, the board of trustees, and the Alumni association shall be requested to designate two persons to serve on such advisory board.

Resolved, that the purposes of the Milton Forward Movement shall be in accordance with the following:

1. To cooperate with the faculty and board of trustees to the utmost of our ability in all their efforts to uphold the permanent prosperity of Milton college; to support financial Agent W. H. McLean, and Rev. L. C. Randolph, D. D., employed by the trustees to lead out in the effort now being made to cancel the gymnasium debt, and to raise the endowment of Milton college to an adequate amount prior to the celebration of the semi-centennial in 1917.

2. To conduct a widespread and carefully planned, but vigorous campaign to increase the number of students who attend Milton college.

3. To foster a spirit of amity and cordial good-will between the student body and the people of this community, who have for so many years given such loyal and untiring support to Milton college.

4. To aid, in every fitting way, in bringing into being a truly "Greater Milton"—both better and more beautiful as well as "Greater Milton" to mean and include not only the college and its interests, but also both villages and the entire country round about.

5. To raise funds for furthering the purposes herein stated by giving high-grade musical and literary entertainments in Milton and other places.

Resolved, that the chair appoint a committee of eight members, two from each lycium on constitution and permanent organization, said committee to take such action as may be necessary to begin the work of the Milton Forward Movement at once, and to serve until the permanent organization shall be perfected, and regular committees appointed.

Resolved, that we invite and earnestly urge the hearty co-operation with us in the Milton Forward Movement of all who are in sympathy with the purpose of this organization as herein set forth.

MAGNOLIA CENTER

Magnolia Center, Nov. 17.—A crowd of young people gathered at the home of

Smallpox and Diphtheria

There is less dread of these diseases now than formerly, because everybody knows they can be prevented, on vaccination, the convalescing patient can keep from having colds, grippe, bronchitis, pneumonia, catarrh, typhoid fever, rheumatism, and other dangerous cold-weather ailments, if you put your system on a proper healthy condition to resist disease.

Reckall Olive Oil Emulsion helps the body produce substances which prevent the growth of disease germs in the blood, thus putting the system in a healthy condition to resist disease. It will help you get well and strong if you have any of the above diseases, or other diseases. It is very good for children just at this season of the year, when they are so liable to colds, grippe, and other cold-weather ailments.

There's direct benefit to you in every ingredient in Reckall Olive Oil Emulsion. The four hypophosphites it contains are used by leading physicians everywhere in debility, weakness and liability to disease, to strengthen the nerves. Purest Olive Oil, one of the most nutritious, most-easily-digested foods known, being taken with the hypophosphites, gives rich tissue nourishment through the blood to the entire system.

You who are weak and run-down, and who are apparently well now, but are liable to suffer from cold weather ailments, use Reckall Olive Oil Emulsion to get and keep well and strong. For the tired-out, bilious, nervous, emaciated or debilitated, the convalescing, the children—aged people—it is a sensible aid to renewed strength, better spirits, glowing health.

Reckall Olive Oil Emulsion—king of the celebrated Reckall Remedies—is for you not only because of its richness in food value, but because it is a pleasant-tasting, containing no alcohol or dangerous drugs, you'll be as enthusiastic about it as we are when you have noted its strengthening, invigorating, building-up, disease-preventing effects. It does not help you, your money will be given back to you without argument. Sold in this community only at our store—The Reckall Store—one of more than 7,000 leading drug stores in the United States, Canada and Great Britain. Smith Drug Co., 14 W. IS YOUR INTEREST SINCERE? THEN WORK

BY BLANCHE DRAPER

How really genuine is your interest in other women? Have you ever stopped to think of it?

Have you ever paused long enough to take your own measure in this regard?

This is a day when every woman boasts of her interest in women in general.

And indeed, from the attitude of the average woman who elaborates along these lines, it would seem that her interest were very decidedly general rather than in the least individual.

And that's just the point!

If your interest in other women is general, it's not really very genuine. Now don't you agree with me?

If for hours at a time you can talk about the general betterment of women, their uplift, and all that, and yet you refuse to invite into your confidence—mayhap even to your home—the homeless, defenseless little girl who may have made just one mistake, your interest is not real.

If you talk and prattle, the meanwhile reveling in the sound of your own voice, as you express your ideas concerning the conditions under which girls work, and then rush into the stores and keep the tired clerks long after business hours showing you their goods, your interest is not really genuine.

If you discourse at length over the terrible evils of the sweat shop, of child labor and the like, and then rush away to spend hours hunting for bargain neckwear, willow plumes, and all the other products of sweat shops and child labor, your interest is not genuine.

If you raise your eyes in horror, and deplore in strongest terms many of the social evils of the day, and then invite to your homes to meet your families, and enjoy your hospitality the men who are keeping alive these same social evils, your interest in women is not real—no indeed.

It's decidedly unreal. It's simply a fad. It's a habit of thought, which has become so much of a habit that it does not inspire action.

And, besides all that, all the talking, the thinking and the prattling about these things which emanates from such an unreal source, is absolutely devoid of effect. It lacks power, since there is none in the initiative.

The only real interest in woman and her welfare

is the interest which prompts to individual action, which inspires work near at hand, which begins at home and at the root. It's the interest which does not talk, the interest which is specific, rather than general.

How about your "interest in women?" Is it real?

A clam shell placed inside the tea kettle will prevent the formation of lime on the kettle.

After peeling onions rub your hands with celery or parsley. It will counteract the odor.

Just a few drops of chloroform will remove machine oil from the finest sewing so completely that you cannot notice the place where the oil really was on the garment. Place a piece of white blotting paper on the under side of the spot and drop a little chloroform on the soiled part.

To preserve and keep moist a large cheese, take paraffin paper and spread it with butter. After each cutting of the cheese press the buttered paper closely to the cut place, wrap carefully and keep in a dry place. The cheese will keep moist and delicious for weeks.

SOME SIMPLE SOUPS FOR FALL DAYS

When the days get cool and the air gets crisp, and maybe the rain drizzles down and the wind blows, your family just naturally begins to think of hot things to eat and drink.

And if they're fond of soup, the first thing they'll like is a plate of soup. They may have a favorite kind of soup. Maybe you'd like to surprise them with a new kind.

HerWhims

Vests or brocade silk, velvet and satin are being worn by fashionable Parisians.

New felt hats for morning wear are white, cherry and emerald.

The high stiff dress collar is much out of vashion.

New millinery colors are petroleum blue, old gold and brown.

Trains on costumes for formal occasions are extremely slender.

Metallic laces are to be more fashionable than ever this winter, so unpack your trunks full of heirlooms and unearth any pieces, big or little, that you may possess of gold or silver. One use for very small pieces of the lace is to make bows for the toes of satin slippers with them. The slippers can be embroidered in metallic thread to match the lace, if you wish to have them elaborate.

When in doubt use black tulle or black net. Place it on your blouse, your lace dress, your hat or your neckwear. It gives a touch of the black that has been recognized as one of the most important notes in a costume. So use it with discretion and watch the charm that results from a touch of this fabric of the moment.

Following are a few delicious soups which other cooks have found most appetizing, and which are particularly suitable for the first cool days:

Tomato Soup—Cook a quart can of tomatoes, or its equivalent in fresh, for 20 minutes, then rub through a fine sieve. Season with salt and pepper and a few drops of onion juice. Cook a quart of milk in the double boiler, adding, when at the boiling point, two tablespoonfuls of flour stirred smooth in a little cold milk. Add two tablespoonfuls of butter. Now beat the yolks of two or three eggs in a tureen, pour the milk into the tomatoes and this mixture into the tureen over the eggs, beating vigorously so they will not curdle. Sprinkle finely cut parsley over the top and serve very hot with croutons or bread sticks.

Onion Soup—Fry two or three large onions in butter or clarified drippings. When soft, add three tablespoonfuls of flour and stir until cooked and frothy. Now add slowly a pint of boiling water, stirring until smooth and slightly thickened. Have ready three potatoes boiled and mashed and add to them a quart of milk that has been brought just to the scalding point. Put the potato and onion mixture together, season with salt and pepper, let it get very hot, then press through a strainer into a hot tureen. Sprinkle over the top a little parsley minced fine and a handful of crisp croutons.

Loberster Soup—Pick out the meat of a small lobster and with a silver knife cut it in small pieces. Mix with it three crackers rolled fine, salt and a speck of cayenne and two tablespoonfuls of butter. Add gradually a pint of scalding milk, stirring all the while. Boil up once and serve.

Creole Soup—Slice one onion and fry brown in a little butter. Add one can of tomatoes, one carrot scraped and diced, a little minced parsley, a sprig of thyme and a half dozen cloves. Put in a kettle with two quarts of water and simmer slowly for two hours. Cook two tablespoonfuls of rice and keep it where it will remain hot. When the vegetables are tender rub through a sieve, season to taste with salt and pepper and the rice, simmer ten minutes longer and serve.

French Bouillie—Put in a saucepan two tablespoonfuls of wheat flour, a dessertspoonful of sugar and a teaspoonful of salt. Mix to a smooth paste and add a quart of hot milk. Cook in a double boiler until thickened and serve with crisp croutons.

G©K SCENE FROM GEORGE KLEINE'S "QUO VADIS," AT MYERS THEATRE FOUR NIGHTS, NOV. 19-22.

New York, Philadelphia, Boston, Chicago, Baltimore and a dozen other cities and inspired a number of unscrupulous parties with the idea of launching a much smaller and insignificant production on the market and banking upon the public credulity, to take advantage of the immense advertising Mr. Kleine's production has received. As a consequence, many people who have wished to see the big production have been unsuspectingly drawn in to witness the little one and without thinking have passed judgment. This is one of those unavoidable conditions that arise under our present social and legal status, and works as much harm to the public at large as it does to the producers who invest their fortunes in big enterprises. The real George Kleine production of "Quo Vadis" is presented with eight parts or reels that are divided into three acts and is only played in the larger high class theaters of the country and never at prices less than fifty cents for orchestra seats and twenty-five for balconies. The real "Quo Vadis" will be the attraction at the Myers Theatre for three days, beginning Thursday, November 20, with matinees daily. The seat sale starts Wednesday, Nov. 19, in the morning at the box office.

"LILLIAN RUSSELL"

When Lillian Russell visits this city the present season under the direction of John Cort, local theatergoers will have the opportunity of seeing the noted beauty surrounded by the most pretentious theatrical enterprise ever sent on tour, an organization heralded as the most financially extravagant amusement in the United States. Mr. Cort is the wealthy owner of the fashionable Cort Theatre in New York and believes profoundly in the old adage: "What is worth doing is worth doing well;" hence, his instructions to his amusement agents to secure the best, the very best, artists obtainable as associate talent in the old adage. As his orders called for a program of wide variety as well as choice quality, and the auditor is sure to be delighted with the marked contrast in the features of the Cort bill of play, as well as with the rare novelty of each act. The program yields seemingly every sort of theater amusement—comedy, tragedy, burlesque, pantomime, drama, lyrical numbers, dancing, magic, illusion, spectacle, transformation, etc. The feminine beauties of the Cort Theatre Festival aside from the fair Lillian herself are

fame alone serves to introduce her, charming self. Sojourning in Paris and London the past summer, Miss Russell collected the rarest of fashionable gowns, and these will be part of the features she will introduce in her new setting in the Cort Theatre Festival. Miss Russell will also depict her routine of daily life in her mastery of the art of health, youth and beauty.

Mr. Cort tours his big company in its own special train of eight Pullman cars, two for the lovely Lillian, six others for the company in general. The organization composed of forty famous artists, carries its own special orchestra.

ADVICE

By GEORGE FITCH, Author of "At Good Old Sings."

ADVICE and air are the only free things left—even now—since the democrats have fixed up their tariff bill.

Advice is given in enormous quantities by the rich and poor alike. No man is too hard up to stop in the midst of his labors and give a huge, irregular chunk of advice to some total stranger who may be needing it.

On the other hand, advice is the one thing which is never stolen. Men have purchased shoes, hot stoves, tombstones, boa constrictors and grizzly bears, but advice is perfectly free. A man can leave forty million dollars' worth of advice in an expensive safe. A man can leave forty million dollars' worth of advice in an expensive safe. A man can leave forty million dollars' worth of advice in an expensive safe.

position for forty years without advice is more plentiful than dirt. Everybody is plentifully stocked with it and everyone does his best to get rid of it. Nothing is more affecting than to see a regged and dejected man proping up a five story building by leaning against it on the sidewalk and trying to give away some priceless advice on the training and conduct of presidents. Year after year while his children are clamoring for bread, he offers his advice in vain. No president will even stop and take a sample. Older and older he grows, distended with undisposed-of advice and will anyone take the time to extend a helping hand and relieve him? Not much. This is a vain and busy world, and our best friends may burst with advice for all we care.

One reason for this singular prejudice against advice is the fact that most children are brought up on it.

After a child has existed for ten years on plain food and unlimited advice he cannot be blamed for scornfully rejecting the remainder of his life. When an adult has any other property which is of no use to himself and which he cannot give away he goes and lays it on the ash pile. But if he has a surplus of advice which no one else will accept he goes home and gives it to his children. One can force a child to take advice by well known methods, just as one can force him to take medicine. But it spoils the market for advice in that particular direction after he grows up and can't be thrashed any more.

The best way to produce advice is to grow old and rich and famous. The next best way is to grow old and poor and unsuccessful. The output in both cases is about the same. Only the successful man tells you what to avoid and the unsuccessful man tells you what to do.

Ever little while someone accepts some advice. There are now many thousands of these people in the world. Half of them are hunting their advisers with tears of gratitude and the other half are hunting them with a club. This proves that advice giving is as risky as advice taking. But man is ever adventurous.

A Word to Mother

Your daughter will thank you in the years to come for every good and useful thing you have taught her to do. There is nothing more important than that your girl should be a Needle Artist. She should know how to sew, mend and darn, like our grandmothers did—she should know how to do all sorts of hand embroidery, which is woman's truly greatest accomplishment.

THEY GIVE US THIS COMPLIMENTARY TWO DAYS SALE IN APPRECIATION OF THE AMOUNT OF BUSINESS WE DO WITH THEM. THEY BRING TO YOU A LINE OF OVER TEN THOUSAND DOLLARS WORTH OF HIGH CLASS FURS, THEIR OWN MANUFACTURE, A LINE THAT NO LOCAL MERCHANT COULD AFFORD TO CARRY.

ABOUT THE PRICES

YOU UNDERSTAND NO LOCAL MERCHANT COULD POSSIBLY CARRY THIS GREAT LINE OF FURS AND STAND THE LEFT OVERS AND THE AMOUNT OF MONEY INVESTED WITHOUT GETTING LARGE PROFITS TO OFF. SET THE NATURAL CARRYING RISK AND LOSSES. NOW WE STAND NO CARRYING RISK AND MAKE NO LOSS FROM LEFTOVER STOCK. YOU SELECT ANY PIECE YOU WANT AT ACTUAL MANUFACTURER'S COST, PLUS A SMALL MARGIN OF ABOUT 10 PER CENT FOR OUR PROFIT—YOU CANNOT GO INTO ANY FUR HOUSE LARGE OR SMALL AND BUY FURS AS LOW AS WE WILL OFFER THEM AT THIS SALE.

A Christmas Present of Furs

THIS WILL GIVE YOU AN OPPORTUNITY TO SELECT THAT CHRISTMAS PRESENT YOU ARE FIGURING ON. IN THE FIRST PLACE YOU WILL FIND JUST WHAT YOU WANT. WHETHER THE PRICE BE \$5.00 OR \$500 IT IS HERE FOR YOU AND YOU CAN SELECT WITH THE ASSURANCE THAT YOU HAVE DONE THE BEST THAT CAN BE DONE ON FURS.

YOU ARE INVITED TO COME AND INSPECT THIS LINE WHETHER YOU WISH TO PURCHASE OR NOT. YOU CAN CERTAINLY LEARN SOMETHING ABOUT FURS.

MR. DOYLE WRITES US AS FOLLOWS

"YOU CAN ADVERTISE MY COMING, MAKE IT AS STRONG AS YOU WISH, BECAUSE THE ASSORTMENT I WILL HAVE WITH ME WILL JUSTIFY YOUR ADVERTISING IT THOROUGHLY AND IN THE MANNER CONSISTENT WITH THE REPUTATION OF YOUR HOUSE AND ALSO THE FIRM OF KOLB AND TEICK."

WEDNESDAY NOV. 19, THURSDAY NOV. 20--Ten Thousand Dollars worth of high class Furs. Now is your opportunity.
